

DICOTA (D50003-2MG)

DICOTA - Notebook privacy filter - universal - 2-way - removable - magnetic - 13.3"

The DICOTA notebook privacy filter is designed to enhance your digital experience while ensuring your privacy. With a 16:9 aspect ratio, this filter fits perfectly on 13.3-inch screens, providing a limited viewing angle of +/- 30°. This feature prevents prying eyes from viewing your screen, making it ideal for use in public spaces. The filter is easy to install using a magnetic system and can be removed when not needed. Crafted from durable PET material, the notebook privacy filter offers scratch resistance and is fingerprint-proof, ensuring clarity and cleanliness. Additional benefits include anti-reflective properties and a 43% reduction in blue light, which helps reduce eye strain during extended use. This privacy solution is touch capable, allowing seamless interaction with your device while maintaining a secure viewing experience.

Key Selling Points

- Designed for 13.3-inch notebooks
- Provides 2-way privacy protection
- Easy installation with magnetic attachment
- Anti-reflective and fingerprint-proof surface
- Reduces blue light exposure by 43%

Product Features

- Effective privacy protection**
The privacy filter ensures a limited viewing angle of +/- 30°, allowing only the user direct visibility of the screen while blocking out side views.
- Durable and reliable material**
Constructed from scratch-resistant PET, this filter is built to withstand everyday use while maintaining high clarity.
- Easy to install and remove**
The magnetic installation type allows for quick application and removal, making it convenient for those who require privacy on-the-go.
- Enhanced visual comfort**
Featuring a 43% reduction in blue light, the filter minimizes eye strain and discomfort during prolonged screen time.
- Seamless touch functionality**
Designed to be touch capable, this filter does not compromise the responsiveness of your device, allowing for smooth interaction.
