

Compulocks Apple TV Security Mount (4K 3rd Gen) (2022) mounting kit (ATVEN43)

Compulocks Apple TV Security Mount (4K 3rd Gen) (2022) - Mounting kit (security bracket, locking head assembly) - Ventilated - for mediabox - lockable - high-grade aluminium - black - for Apple TV 4K (3rd generation)

The Apple TV lock and mount security bracket can be fixed to any flat surface. You can safely screw the mount to a wall, desk, underside of a table, cabinet, and even the back of a monitor. Once the bracket is secured all y lock. The ventilated design protects your device against overheating and wireless signal loss while giving you total access to the power button, USB, HDMI and Ethernet ports to ensure complete user experience.

Key Selling Points

- Easy to install on the counter or wall-mounted
- Secured with keyed lock
- Ventilated Sides

Product Features

- Enhanced security**
Designed specifically for the Apple TV 4K 3rd Gen (2022), this security mount by Compulocks offers protection. With its key lock system, it ensures your mediabox remains secure against unauthorized removal or tampering.
- Durable construction**
Crafted from high-grade aluminum, the mount is not only lightweight but also exceptionally sturdy. This material choice provides long-lasting durability and reliability, offering peace of mind that your device is well-protected.
- Versatile mounting options**
The security mount comes equipped with a locking head assembly and security bracket, offering flexible installation options. It supports both 100 x 100 mm and 75 x 75 mm flat panel mount interfaces, ensuring compatibility with a wide range of display settings.
