

HPE Network Management Module (Q1C17A)

HPE Network Management Module - Remote management adapter - Gigabit Ethernet x 1

Do you need more reliable power with advanced battery management that can be utilized in either a rack or tower configuration? HPE Line Interactive Rackmount Uninterruptible Power Systems delivers a high-quality backup system that verifies critical systems, retains a continuous flow of power that protects your data, and keeps you connected. Computing environments are expected to deal with the frequencies and severities of power outages, increased power demands from the public and private cloud, software as a service (SaaS), and mobile computing plus online services and applications while maintaining tight cost controls. The HPE Line Interactive Rackmount Uninterruptible Power Systems safeguards the steady flow of clean and protected power within your computing environment that has the optional capacity to manage your IT equipment while running at peak power efficiency.

Key Selling Points

Extended battery run times with Extended Runtime Modules (ERMs)
Full array of communications capabilities with optional network management card
Meters energy consumption through LCD and software
Graphical LCD display alerts you to critical information on status and measurement on a single screen

Product Features

Designed for simple, fast integration and use
The HPE Line Interactive Rackmount Uninterruptible Power Systems delivers industry leading LCD offers a graphical interface which provides critical UPS information in a single screen view. Up to four extended runtime modules can be quickly added to the UPS configuration that extends your UPS by a factor of 15x or more. Batteries can be hot-swapped safely without shutting down equipment.

Increased efficiency and capacity to maintain uptime and business continuity
The HPE Line Interactive Rackmount Uninterruptible Power Systems protect devices by providing up to 14% more wattage compared to traditional uninterruptible power supplies. Enhanced Battery Management (EBM) technology delivers up to 50% longer battery life. Industry leading efficiency of up to 99% helps to certify minimal power loss and lower power costs.

Main specifications

Product Description	HPE Network Management Module - remote management adapter - Gigabit Ethernet x 1
Device Type	Remote management adapter
Ports	Gigabit Ethernet x 1
Dimensions (WxDxH)	6.6 cm x 2.89 cm x 13.1 cm
Cabling Type	Ethernet 10Base-T, Ethernet 100Base-TX, Ethernet 1000Base-T
Data Link Protocol	10Mb LAN, 100Mb LAN, 1GbE
Data Transfer Rate	1 Gbps

Extended specification

General

Device Type	Remote management adapter
-------------	---------------------------

Expansion / Connectivity

Interfaces	1 x 1000Base-T - RJ-45
------------	------------------------

Networking

Ports	Gigabit Ethernet x 1
Connectivity Technology	Wired
Cabling Type	Ethernet 10Base-T, Ethernet 100Base-TX, Ethernet 1000Base-T
Data Link Protocol	Ethernet, Fast Ethernet, Gigabit Ethernet
Data Transfer Rate	1 Gbps
Features	Single phase

Dimensions & Weight

Width	6.6 cm
Depth	2.89 cm
Height	13.1 cm
