

Cisco (CP-8832-POE=)

Cisco - PoE injector - Worldwide - for IP Conference Phone 8832

The Cisco PoE injector is a vital tool for any modern network, offering a streamlined power solution for devices. By delivering power directly over Ethernet cables, it significantly reduces the need for additional wiring and power sources, making network setups cleaner and more efficient. This injector is compatible with a broad array of devices and supports power converters, splitters, and accessories, ensuring it can meet the diverse needs of any network infrastructure. With its ability to simplify the installation and maintenance of network devices, the Cisco PoE injector is an indispensable component for businesses looking to enhance their network functionality and reliability.

Key Selling Points

- Delivers power over Ethernet to reduce cable clutter
- Supports a wide range of devices for versatile use
- Eliminates the need for additional power supplies
- Simplifies network device installation

Product Features

- Efficient power solution**
This PoE injector is designed to deliver power to devices over Ethernet cables, eliminating the need for additional power supplies or outlets. It simplifies the installation of network devices such as IP cameras and VoIP phones, making it an essential component for modern network infrastructures.
- Versatile compatibility**
Compatible with a wide range of devices, this PoE injector supports power converters, splitters, and accessories. It ensures a seamless integration into existing network setups, providing a flexible solution for powering devices.

Main specifications

Product Description	Cisco - PoE injector
Device Type	PoE injector
Localisation	Worldwide
Manufacturer Warranty	1-year warranty
Designed For	IP Conference Phone 8832

Extended specification

General

Device Type	PoE injector
Localisation	Worldwide

Manufacturer Warranty

Service & Support	Limited warranty - advance parts replacement - 1 year - response time: 10 days
-------------------	--

Compatibility Information

Designed For	Cisco IP Conference Phone 8832
--------------	--------------------------------
