

Cisco Multi-head (CAB-HDMI-MUL4K-9M=)

Cisco Multi-head - Video / audio / data cable - HDMI male to HDMI, Mini DisplayPort, USB-C male - 9 m - for Webex Room Kit Mini - No Encryption and No Radio, Room Kit Pro

The Cisco Multi-head cable is a comprehensive solution designed to meet the connectivity needs of a wide range of devices. With its support for 4K video formats, it ensures the delivery of high-quality, crisp images, making it an ideal choice for both professional presentations and personal entertainment. The inclusion of HDMI, USB-C, and Mini DisplayPort connectors provides the versatility needed to connect to monitors, projectors, laptops, and tablets, ensuring seamless video, audio, and data transmission. This cable is a reliable accessory for anyone looking to enhance their multimedia setup.

Key Selling Points

- Supports 4K video formats for superior image clarity
- Includes HDMI, USB-C, and Mini DisplayPort connectors for versatile use
- Designed for seamless video, audio, and data transmission

Product Features

- Versatile connectivity**
The Cisco Multi-head cable offers a range of connection options with its inclusion of HDMI, USB-C, and Mini DisplayPort connectors. This versatility ensures compatibility with a wide array of devices, from monitors and projectors to laptops and tablets, facilitating seamless video, audio, and data transmission.
- 4K format support**
Designed to meet the demands of high-resolution video requirements, this cable supports 4K video formats. This feature ensures high-quality, crisp, and clear images, enhancing your viewing experience whether you're presenting in a boardroom or streaming content at home.
