Targus Hypershield (HS5113GL)

Targus Hypershield - Notebook privacy filter - removable - magnetic - 13.6" - for Apple MacBook Air (13.6 in)

The Targus Hypershield notebook privacy filter provides protection and privacy for your device. Compatible with 13.6-inch screens, this filter ensures a clear view from the front while obscuring the screen from side angles, allowing for safe usage in public spaces. With its reversible glossy/matte surface finish, users can choose their preferred viewing experience while enjoying features such as blue light reduction and anti-glare properties that contribute to visual comfort. Additionally, installation is effortless thanks to the magnetic setup, enabling easy removal or repositioning. Thanks to its durable 3H hard-coating, the filter your device's display. It also includes DefenseGuard Antimicrobial Protection which actively reduces harmful bacteria. The design incorporates a camera notch cutout for uninterrupted use, ensuring that security does not compromise functionality. Each privacy filter comes with a convenient storage folder for safekeeping when not in use, making this a practical solution for anyone seeking added privacy and protection.

Key Selling Points

Scratch resistant surface for durability
Reversible glossy/matte finish for a customizable look
Magnetic installation for easy application and removal
Includes anti-glare and blue light reduction features
Equipped with DefenseGuard Antimicrobial Protection

Product Features

Protective design
The Targus Hypershield notebook privacy filter features a 3H hard-coating that ensures scratch resistance, protecting your screen from everyday wear and tear.

Customizable viewing options
With a reversible surface finish, this filter offers a choice between glossy and matte, allowing users to select their preferred viewing experience.

User-friendly installation
This privacy filter utilizes a magnetic installation method, which simplifies the application process while ensuring a secure fit on your device.

Enhanced visibility control
The filter effectively reduces glare and blue light, contributing to visual comfort during extended use and minimizing eye strain.

Integrated antimicrobial protection
Equipped with DefenseGuard Antimicrobial Protection, this privacy filter helps to minimize the growth of bacteria on the surface, promoting a healthier workspace.
