Innovative digital solutions for a brighter future.

Studio IX | Comapny Deck

WHO WE ARE?

Our team's collaborative approach is as efficient and productive as the honeybee's hive, working tirelessly to ensure our clients achieve their goals with the greatest impact.

Studio IX’s experienced talents, freelancers, and other team members make strategic designs and digital product branding completely tailored to the client’s needs. Our work is always research-based. Behind the incredible app, website, or digital brand we provide there are hours or surveys, inquiries, workshops - and quite a few forgotten lunches.

We are able to come up with future-proof digital branding and compelling, people-friendly visual content, successfully navigating any challenges along the way. In addition, we tend to work closely with our remote clients, making them part of the process and providing a wholesome and enjoyable working relationship - or so we’ve been told

Studio IX | Comapny Deck

Studio IX - a pack of young creatives chasing innovation

Born in 2022 as an idea and transformed into reality in 2023, Studio IX is now a small team of individuals that rely on one another in a common pursuit of innovation. Combining our vast industry knowledge, problem-solving mindsets, and designing skills, we work on products that better the lives of many - something we are very proud of.

* Client-centric approach, user-friendly solutions, and constant aspiration for improvement are the cornerstones of our agency - and they help us build value for our partners and their target users.

MEET US ONLINE ↗

Studio IX is here to bring the ultimate digital experience for different-field partners, no matter their location.

Studio IX is more than a creative digital agency. We are strategic partners to companies that work on improving different areas of life but need stronger visual communication to help them achieve it. Our skillfully designed websites, applications, and digital brands help our partners build new ideas and reshape the old ones. We provide digital solutions that push the boundaries of today - and help our partners make a better tomorrow. Remote collaboration allows us to have constant communication with our global partners, wherever they are. From the sand desserts of UAE, over the countries of the old continent such as Germany, Switzerland, and the UK, to the powerful USA on the west, different companies come to us searching for forward-thinking digital solutions that can help them grow and evolve.

We embody the the collaborative spirit and resilience of the honeybee hive!

Introducing positive changes through the values we cherish.

Studio IX | Comapny Deck

Fearless mindset

Our team attacks each new task boldly and never shies away from a new challenge. Not only that, but we welcome projects that will make us leave our comfort zones and force us to think outside of the box.

Strong communication & collaboration

Collaboration is essential in our agency to ensure that all team members work together effectively to deliver high-quality projects. We believe that working collaboratively fosters creativity and innovation, and we encourage our team members to share ideas, learn from one another, and work together to achieve success.

Innovation

we believe that innovation is essential in our agency to stay ahead of the curve and deliver cutting-edge solutions to our clients. We encourage our team members to think outside the box, experiment with new technologies and methodologies, and explore new ways to solve complex problems. We believe that innovation drives progress and helps us deliver exceptional results that exceed our clients' expectations.

Integrity

Honeybees are known for their honesty and reliability. Similarly, we believe in the importance of integrity in our agency and strive to maintain the highest ethical standards in all our work. We are transparent with our clients, delivering honest feedback and advice, and we are committed to building long-term relationships based on trust and mutual respect.

UI Design

Oownee is a cutting-edge property management software designed to simplify the process of managing rental properties. This powerful tool combines an intuitive user interface with advanced features such as tenant screening, lease management, and financial reporting to help landlords and property managers streamline their operations and maximize their profits.

One of the things that sets Oownee apart from other property management software is its user-friendly interface. Unlike many other tools that can be difficult to navigate and understand, Oownee is designed to be intuitive and easy to use, even for users who are not tech-savvy. This means that landlords and property managers can get up and running quickly, without the need for extensive training or technical expertise.

Overall, Oownee is an essential tool for anyone who owns or manages rental properties.

Our mission

At Studio IX, our mission was to help property managers and landlords manage their rental properties with ease and confidence. We wanted to create a powerful property management software that would simplify the process of managing properties, while providing an intuitive and user-friendly interface that would make it easy for users to access the tools they need.

Marketing

Midas is a mobile application designed to provide users in Ghana with a seamless and convenient way to make online purchases and pay for subscriptions and services using virtual debit cards powered by only mobile money.

Our goal is to make online transactions more accessible to everyone in Ghana, regardless of their location or access to traditional banking services.

At every stage of the project, we focused on delivering exceptional quality and meeting the client's needs. From the initial design concept to the final product launch, we worked closely with the Midas team to ensure that every detail was perfect

Our mission

At our design agency, our mission is to provide innovative and high-quality design services that help our clients achieve their goals. For the Midas project, we focused on creating a user-friendly and intuitive platform that would make online transactions more accessible to people in Ghana.

Our team of experts worked closely with Midas to create a brand identity, UI/UX design, and mobile app that would meet the needs of their target audience. We are committed to delivering exceptional design and development services that help our clients succeed.

PharmX is a platform that enables healthcare professionals to learn, implement and retain knowledge. Our platform provides high-quality exam questions and medical scenarios to prepare users for life as qualified practitioners.

We cover a wide range of topics, including cardiovascular, respiratory, nervous, immune and musculoskeletal systems, malignant diseases, pharmacy law, OTC scenarios and more. Our app is updated on a weekly basis with new exam questions to ensure that our users have access to up-to-date and relevant content.

We believe that our platform will help educate future healthcare professionals, making it perfect for pharmacy students, medical students, junior doctors, pharmacists, doctors, and independent prescribers.

Our mission

At PharmX, our mission is to provide healthcare professionals with an innovative and dynamic platform that enables them to learn, implement and retain knowledge. We are committed to providing high-quality exam questions and medical scenarios that are relevant to the exams and real-life medical situations. Our focus is on creating a user-friendly experience that is both interactive and engaging, with an emphasis on usability and functionality. We believe that our platform will help prepare future healthcare professionals to be well-equipped for the challenges they may face in their careers.

Software / Chrome Extension

Company Size

1 employee

Services

Brand Identity

UX Design

UI Design

App Development

Fontsnatcher is a popular Google Chrome extension that allows users to identify and extract the fonts being used on any webpage. This powerful tool can be used by web developers, designers, and anyone who is interested in typography and font design.

With Fontsnatcher, users can easily analyze any webpage and identify the fonts that are being used. This is incredibly useful for web designers who need to match the typography of a website to a brand's identity. It is also helpful for individuals who are interested in font design and want to learn more about the fonts used on their favorite websites.

Its accuracy and ease of use make it a must-have extension for any web designer or developer.

Our mission

At Studio IX, our goal with Fontsnatcher was to create a tool that would help make the web a more beautiful and functional place. We believe that great typography is an essential part of any website, and we wanted to make it easy for everyone to access the fonts they need to create stunning designs.

We are incredibly proud of what we have achieved with Fontsnatcher, and we are excited to continue developing new tools and technologies that will help make the web a better place for everyone.
