DEVELOPMENTAL LEADERSHIP PROGRAM (DLP)

RESEARCH FUNDING APPLICATION

Please return to dlp@contacts.bham.ac.uk. Deadline 12.00 noon (ACT time), 31 August 2019.

Informal enquires are most welcome in advance of submission of final application.

Section A: Applicant Details

Principal investigator	
Institution	
Email address	
Co-applicant(s) and institution(s)	

Duration (months):		**Start Date**		**End Date**	

Section B: Proposed research project

Title:
Lay summary of the research (please summarise the rationale and aims of the research in accessible language) (max 300 words):

Key research questions:

Research design and methods (please set out how you will answer the research questions, including specifying data to be collected and analysis to be used as well as considerations of rigour and validity) (max 500 words):

Description of research partnership (please describe how the research has been developed as well as the relative strengths of and the division of labour between the members of the research team, including any history of partnership between the research organisations) (max 500 words):

Significance to DLP and DFAT (please describe the significance of the research to DLP's core focus and research questions and sub themes as detailed in Annex B of the Funding Opportunity Guidelines) (max 300 words):

Gender and inclusion (please explain how issues of gender and inclusion have been incorporated into the research design and / or engagement and impact plans) (max 300 words):

Ethical implications and research integrity (please explain any ethical implications of the research and how you would address these. Please note that ethical approval is only required for successful applications at the point of award) (max 500 words):

Essential criteria (please confirm that the participating organisations have adequate child protection measures in place and proposed researchers have the necessary clearance/checks, are not included on the Attorney General's Department (AGD) or DFAT terrorism list, and have appropriate fraud control and prevention processes and related management and reporting systems in place):

Expected outputs (please indicate in the table below) (please refer to the Funding Opportunity Guidelines on expected output and engagement):

Activity	Outputs	Impacts	Anticipated delivery date

Anticipated engagement and impact (please describe the changes you expect to see as a result of this project and how and where the findings may influence change in policy or practice, specifying activities, stakeholders and pathways) (up to 500 words):

Section C: Costs and Funding

Please specify the amount requested and any additional contributions (please refer to the call for proposals for guidelines)

Expenditure	Amount (£)
Total budget requested	
Contribution from external partners *(cash & in-kind)*	Cash: In-kind:

Justification of Resources (detailed breakdown and justification of above costs, providing a breakdown and description of costs, including for fieldwork, researchers, travel and subsistence, or impact activities) (max 500 words):

Section D: Other Key Information

Risk and mitigation (please provide information on anything that could delay the start of the project e.g. data access permissions, ethical approval required, instability, upcoming elections etc) (max 300 words):

Section E: CVs

Please attach 2 page CVs for all named researchers to the completed application form.
