Il Casato

Cabernet Sauvignon

Trevenezie IGT

Vinification

The fermentation of the grapes follows the procedures of red wine vinification, which takes place in stainless steel tanks at a controlled temperature with several pump-overs to allow for the extraction of aromas and tannins.

Description

A ruby-red wine, it is a delightful, easy-drinking choice with a bouquet characterized by hints of blackcurrant and blackberry, accompanied by a subtle herbal note.

Food Pairing

Perfect with grilled or roasted meats and cheeses.
