CARTWHEEL + NASH CASE STUDY

CHALLENGE:

FULFLLD wanted to grow and open new markets, but found their systems weren't optimized for scaling.

SOLUTION:

FULFLLD started receiving orders from **Nash** and using Cartwheel for on-demand delivery management via API integration.

FULFLLD

FULFLLD is a technology-enabled last-mile delivery service trusted by big brands including Panera Bread, Fresh Direct, and Stop & Shop.

FEATURES IMPLEMENTED:

- Real-time driver tracking
- Route optimization
- Delivery windows management

IN JUST THREE MONTHS FULFLLD INCREASED DELIVERY COVERAGE BY 66%

Reached
98%
on-time rate

Reduced
30%
time-to-quote

Reduced delivery cost

Decreased carbon footprint
