

Scan-to-BIM made simple

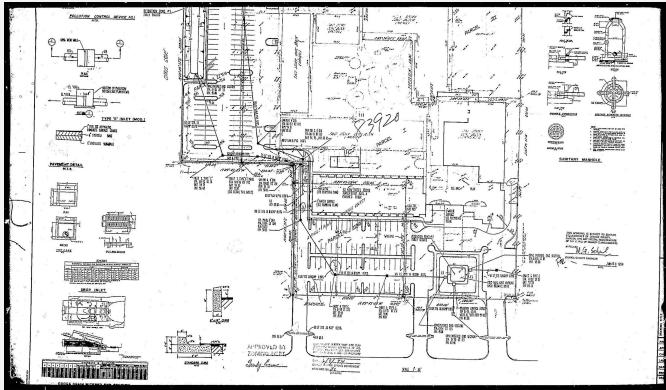

Transform your firm's as-built workflow to get BIM & CAD fast, affordably, and at a standardized level of detail for interior renovations of all property types and size across the US, Canada, and Europe.

Integrated Projects (IPX) is a scan-to-BIM platform that helps design and construction professionals get accurate as-built plans and data in BIM & CAD formats of properties of all types & sizes—at scale.

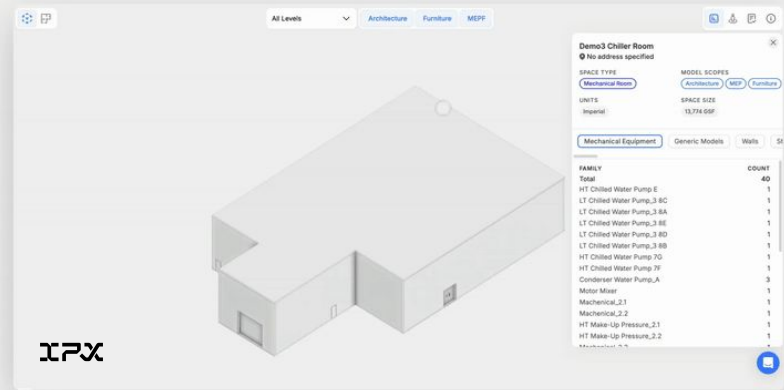

Where We Are

⊘ Inaccurate as-built files

Where We're Going

✓ Accurate as-builts in 3D, 2D, and 1D

3D Site Scan

BIM & CAD

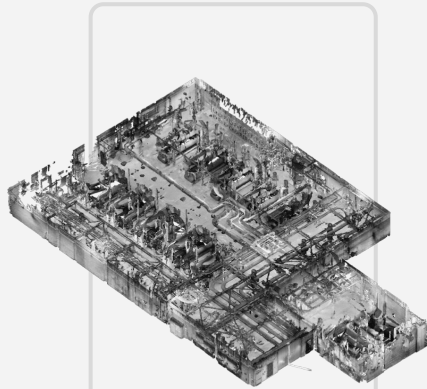

360 Tours

Site Photos

Material Takeoffs

STEP 1

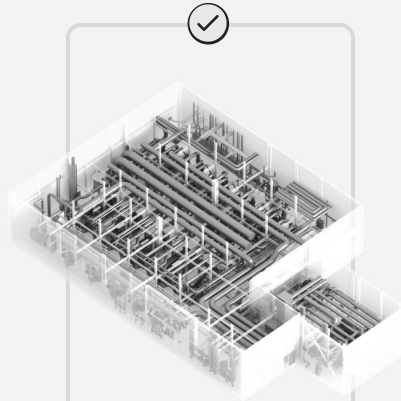

Get a 3D scan
of your site

SCANIT

STEP 2

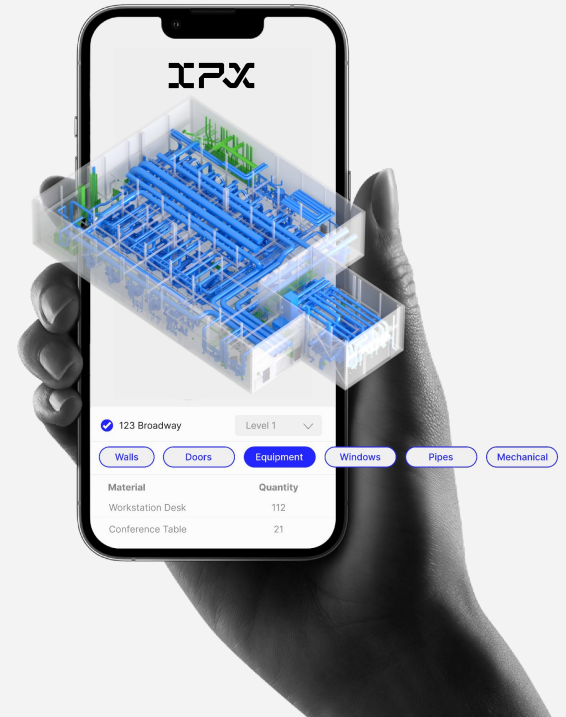

Convert your scan
to BIM & CAD

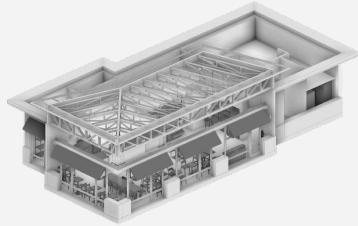

BIMIT

STEP 3

Unlock your space in a secure,
building data platform

BIMIT digitizes all building types & sizes

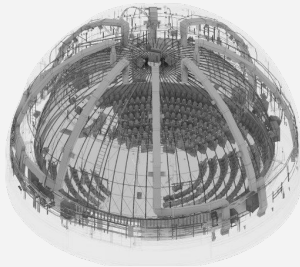

Small

Up to 5,000 SF

2 - 7 Day Turnaround

300 Level of Detail

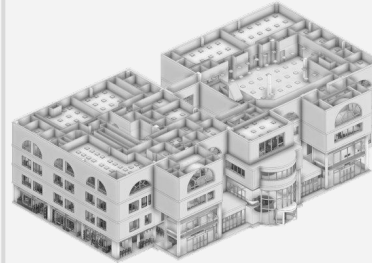

Medium

Up to 25,000 SF

7 - 21 Day Turnaround

300 Level of Detail

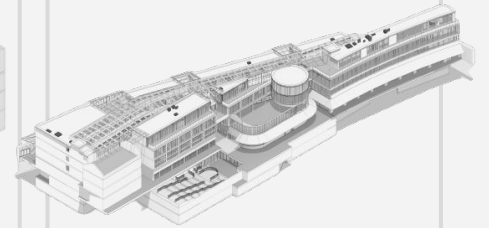

Large

Up to 100,000 SF

14 - 28 Day Turnaround

300 Level of Detail

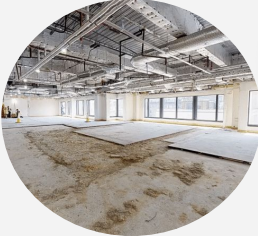

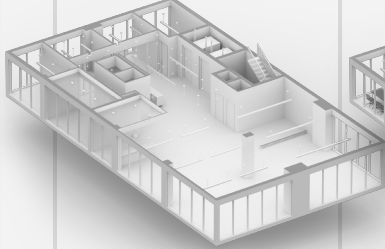

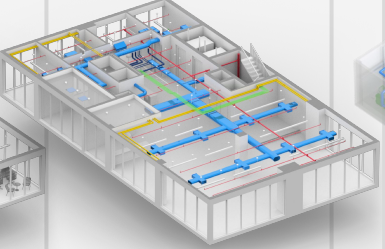

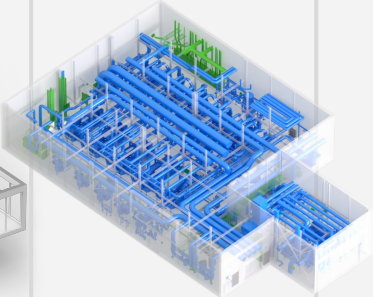

X-Large

100,000 SF - 1,000,000 SF

21+ Day Turnaround

300 Level of Detail

IPX Platform Features
Include

- Digitize**
Request services, easily
- View**
3D models, 2D plans, more
- Export**
Download or push to ACC
- Share**
Securely send assets
- Quantify**
One-click material takeoffs
- BIM GPT**
Ask anything of your space

Get the *layer one building data* for your digital twin infrastructure

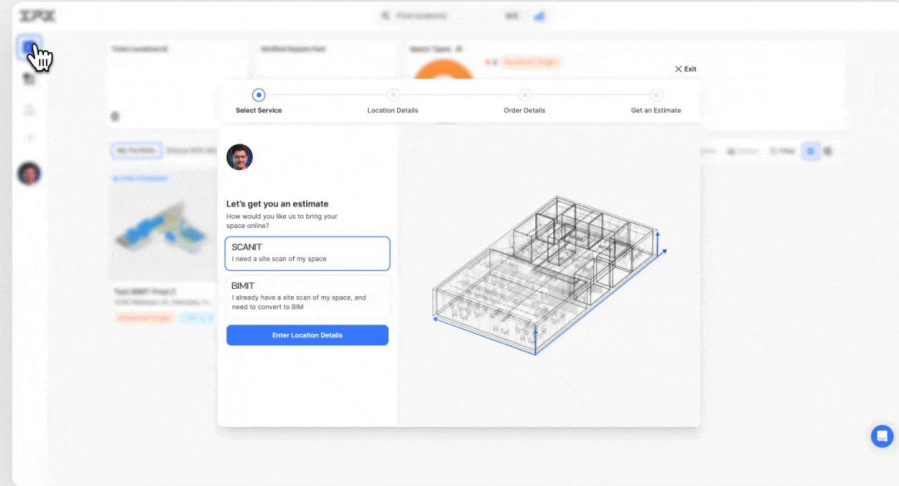

- ✓ **View** all BIM, CAD, and 360 tours on any device
- ✓ **Share** project files with anyone—*securely*
- ✓ **Quantify** areas & inventory—*instantly*
- ✓ **Measure** accuracy of building floor plans
- ✓ **Generate** plans and equipment inventories

Order scan-to-BIM services in seconds

No long contracts. No haggling. No subscriptions. Order services anywhere across the US, Canada, or Europe with predictable pricing and turnaround times

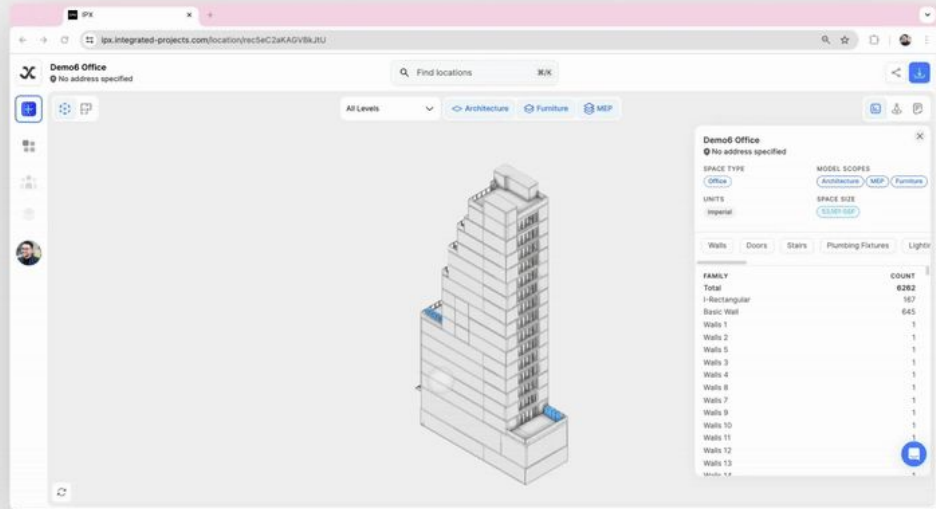

- ✓ Instant scan to BIM pricing estimates
- ✓ Instant turnaround times
- ✓ Order in seconds
- ✓ Easy pay

Your project— in the right perspective

See your space in whichever format is most effective for the job.

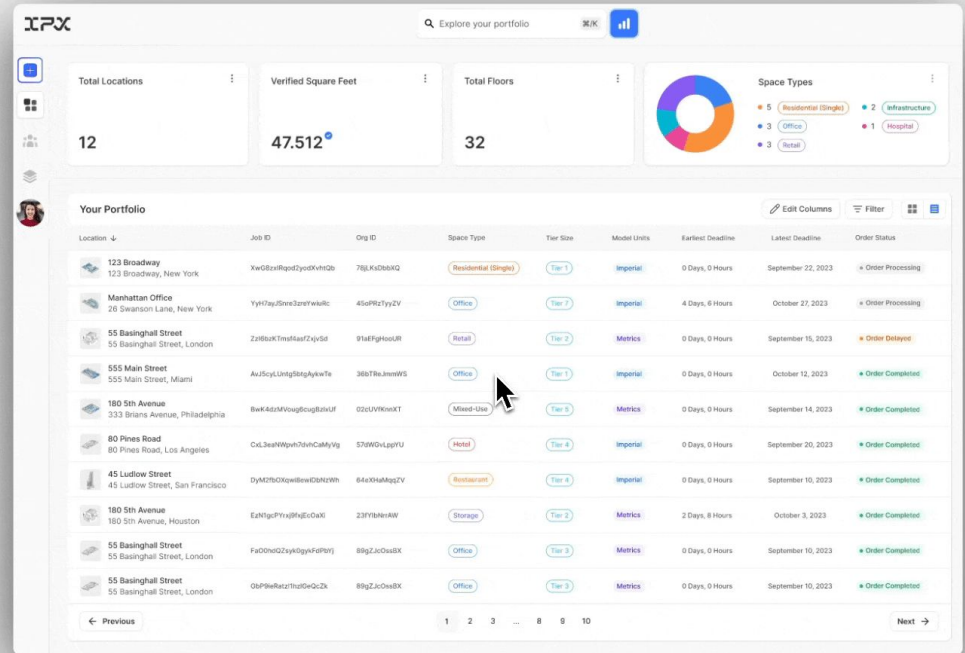

- ✓ 3D Models in Revit, IFC, RCS, & 360 Tours
- ✓ 2D CAD & Reflected Ceiling Plans
- ✓ 1D Material & Equipment Quantities

Track multiple projects at once

Perfect for high-growth companies or project managers with multiple projects at once.

- ✓ **Query** across your location portfolio
- ✓ **Track** estimated delivery timelines
- ✓ **Index** projects by size, type, and more
- ✓ **Share** files with stakeholders—securely
- ✓ **Connect** to Autodesk ACC with a click

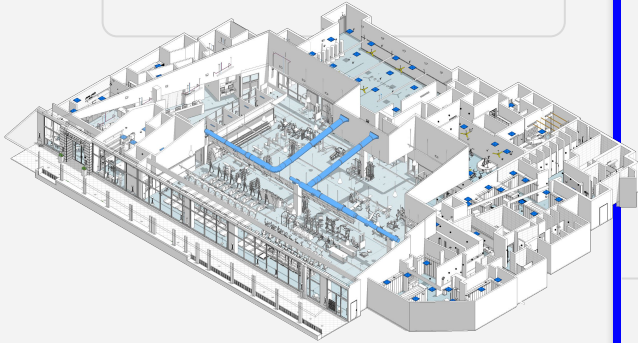

**TYPICAL SCAN-TO-BIM
& SURVEY SERVICES**

Approx.

\$ 1.00-2.00/sf

Assumes commercial / industrial

- ✓ Requires quotes and unpredictable pricing
- ✓ Includes a RVT and CAD file
- ✓ Turnaround time in weeks

IPX

ON-DEMAND SERVICES

SCANIT Starts at

\$ 0.30/sf

Perfect for single acquisition or renovation projects

- ✓ Includes SCANIT
- ✓ Includes BIMIT
- ✓ Includes IPX Platform Access

Launch IPX for Instant Pricing

Free, no subscription. No credit card required.
