SUMMARY

A dynamic and detail-oriented Frontend Developer with a solid foundation in Computer Science and hands-on experience in building responsive, user-friendly websites. Proficient in HTML, CSS, JavaScript, and Bootstrap, with a strong track record of developing and deploying college-level web projects and contributing to impactful hackathon solutions. Adept at translating design concepts into interactive digital experiences and optimizing performance for seamless user engagement.

Passionate about clean, maintainable code and intuitive UI/UX design, with a growing interest in leveraging frontend technologies to solve real-world problems. Known for a collaborative mindset, quick learning ability, and commitment to staying current with modern web trends and tools.
