- Intermediate understanding of Java with a focus on OOP principles: inheritance, encapsulation, polymorphism, and abstraction..
- Familiar with IDEs such as Eclipse for coding and debugging.
- Proficient in writing clean, maintainable code and applying design patterns.

### **SQL**

- Good Understanding of RDBMS concepts.
- Comfortable in writing SQL statements like DDL, DML, DQL etc.

### **JAVASCRIPT**

- Strong understanding of core JavaScript concepts such as closures, event handling, and asynchronous programming.
- Experience in integrating APIs and handling JSON data for real-time web applications.

## TECHNICAL SKILLS

**Programming:** JAVA, SQL

**Web Technology:** HTML, CSS, REACT, JAVASCRIPT

**Design and Front-End Development:** UI/UX

**RDBMS:** Oracle, MY-SQL

**Tools/IDE:** Eclipse, Visual Studio, Figma, Adobe XD, MySQL, Oracle

## CERTIFICATIONS

- Completed in **Learning JDBC**
- Completed in **Web Development Bootcamp**
- Completed in **Oracle Database 19c: Basic SQL**
- Completed in **Java Algorithms**
- **Adobe XD UI/UX Design**
- Certificate of Completion in **GOOGLE CLOUD COMPUTING FOUNDATIONS .**
- Certificate of Completion in **PROMPT DESIGN IN VERTEX AI .**

## PROFESSIONAL SKILLS

- Team-Work
- Leadership
- Adaptability
- Time- Management

## ACADEMIC PROJECTS

- Online Shopping Website
- ISL(Indian Sign Language)
- TO-DO List
- Language Translator App UI
- Cosmetic App design

## EDUCATION

### JAIN DEEMED-TO-BE UNIVERSITY

- (2022-2025) *Bachelor of Computer Applications, with 9.17 SGPA in 5th semester.*

### AIMS INTERNATIONAL SCHOOL

- (2019-2020) *Secondary School with 64%.*
- (2021-2022) *Higher Secondary School with 70%.*
