## QUICK ORDERS

The Quick Order feature on [Graybar.com](https://www.graybar.com) lets you streamline the ordering process if you already have a list of manufacturer part numbers, Graybar ID numbers or Customer part numbers that can be found in Graybar's eCatalog. Quick Orders also allows a user to find items within the eCatalog that might not be listed on [Graybar.com](https://www.graybar.com). To access the Quick Order feature, log on to Graybar.com and select "Quick Order" under the "Accounts & Delivery" drop-down menu.

From the “Quick Order” page, you can add and search for items using the manufacturer part number or customer part number.
