

MANEUVER COLLABORATIVE COLLECTION **MARKET PERSPECTIVE**

Today's working spaces require flexible solutions that are focused on solving needs. The Maneuver collection is a comprehensive offering that provides a facilitator desk as well as collaboration-focused worksurface shapes and bases.

The facilitator station works well in any learning space. From corporate spaces to education specific areas, the facilitator station is a simple and highly functional solution to fit the needs of any presenter, facilitator, or speaker.

Designed to be used for gathering and interacting, Maneuver tables are innovatively designed with shapes that easily accommodate group learning and individual comfort. The creative shapes were designed with productivity and ease of collaboration as their main features.
