# VARIED BACK STYLES AND SMART DESIGN FEATURES PROVIDE ULTIMATE VERSATILITY.

## ACQUAINT'S BEAUTY IS FOUND IN THE BALANCE BETWEEN DESIGN AND DETAIL.

With a seat that has generous curves, and a back that can be transformed to match your style, Acquaint provides lounge-like comfort within the footprint of a side chair. The remarkable wood detail exceeds expectations, while the extra thick cushion creates a luxurious experience. The complete Acquaint seating collection offers various back and arm styles, wall saver leg design, bariatric models, and an easy access height option. This flexibility allows Acquaint to furnish multiple settings within an organization.

# APPEAL TO THE CREATIVE VISIONARIES AND THOSE WITH REFINED TASTE.

Acquaint's flexibility is evident in its back options and contrasting fabric locations. Choose the back style that best fits your space and highlight your selection by adding contrasting fabrics. The curved back adds lumbar support while creating a wall saver design to protect your walls. Maximize comfort by adding optional protective arm caps. The elevated, non-slip footrest provides support for guests as they get into and out of the easy access chair. Transform standard upholstery options by adding Stitch-it™ to create a quilted aesthetic.
