

Karid[®]

EXECUTIVE + CONFERENCE SEATING

NATIONAL

Extreme comfort and luxury.

This executive seating line provides a luxurious option for conference or private office applications. Available in mid or high back models, Karid features an ultra-plush seat foam that exceeds expectations and provides supreme comfort. The curved back profile and horizontal channel stitch not only create a lovely aesthetic, but this combination of shape and billows delivers an uncompromising level of support.

The Karid executive conference seating collection beautifully blends comfort and ergonomics with style and elegance. Its extra-thick seat provides an exceptional 4" of cushion, making long-term or short-term sitting a comfortable experience. With ergonomic features like synchro tilt and single position lock, and the ability to choose mid or high back models, Karid provides exceptional solutions for any conference or executive space.
