

LochlynTM

WORK. STORE. DIVIDE.

NATIONAL[®]

Establish space division while displaying inspiration.

Environments today need to address open plan, accommodate private spaces, provide an atmosphere that creates a home-like feeling, and showcase personality. That's quite an accomplishment, but Lochlyn does it all. This innovative collection provides a variety of solutions. Its metal frame design can be built to be small in stature or grand in size, depending on the users' space division needs. Add a worksurface to create a desk solution or wall mounted storage to further maximize space. Lochlyn offers brilliant work, storage, and space division solutions for commercial areas or home environments.

Rise to the challenge.

Workspaces that harmonize your style and ergonomic needs create refreshing stations where work actually gets done. Lochlyn's height adjustable desk lets you find the right fit for however you work. Switch between standing and sitting to add variety to your workday and tailor your worksurface to the task at hand. Whether your office space is in a commercial setting or a home office, Lochlyn allows you to personalize the entire unit to reflect your attitude and the way you work.

Brilliant results for commercial areas or home environments.

Lochlyn's flexibility makes it easy to create stunning environments designed to accomplish tremendous tasks. From touchdown spaces that thrive on versatility to personal touches that add welcoming warmth and a homey ambiance, Lochlyn has the essential solutions to create breathtaking workspaces. Its shelves and metal frame cube units can be anchored to architectural walls, providing installation flexibility. The mobile cart adds a functional storage solution that can easily be used in a multitude of spaces and situations. Lochlyn combines craftsmanship and creativity, allowing you to fill in the blanks.
