LOUNGE COLLECTION

NATIONAL<sup>®</sup>

## Sweeping curves and smart design.

The Eklund collection provides flexible solutions for petite or grand spaces. Whether you need lounge pieces that provide visual and acoustical privacy or products to create a welcoming environment for gathering, Eklund offers everything from individual nooks to multi-seat solutions. With and without privacy panels, this collection has components to address a variety of spatial needs.

Designed to create familiar spaces that blend residential and commercial elements, Eklund supports the basic human need to simply be comfortable. Its modular components can be reconfigured, adding flexibility and versatility to any environment. With options for privacy and softened acoustics, and the ability to support large and small configurations, Eklund's portfolio depth easily accommodates evolving spaces.

With the ability to unify spaces through its comprehensive portfolio, Eklund creates inviting environments for interacting. Its organic shape and optional privacy panels easily create a centralized space that can be used by a variety of guests. From casual lobby environments to bustling open environment spaces, Eklund has the flexibility, beauty, and comfort to satisfy even the most discerning of guests.

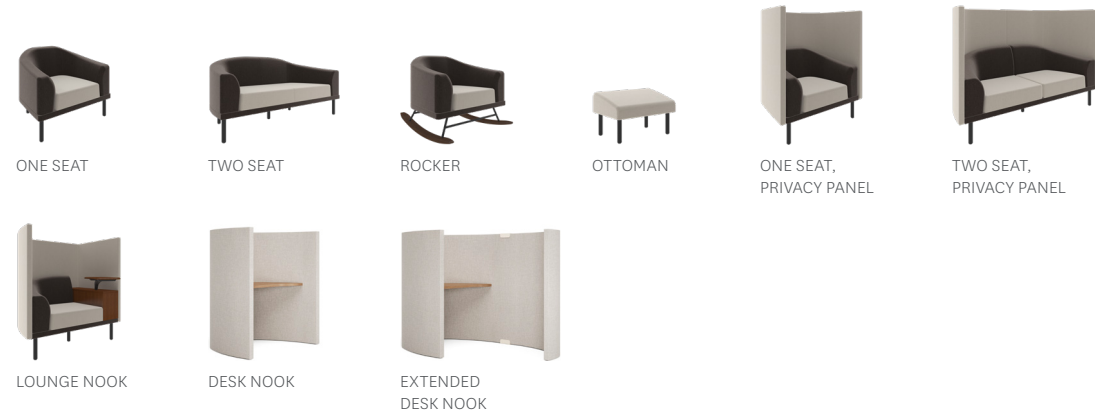

## Thoughtful style for today's unconventional spaces.

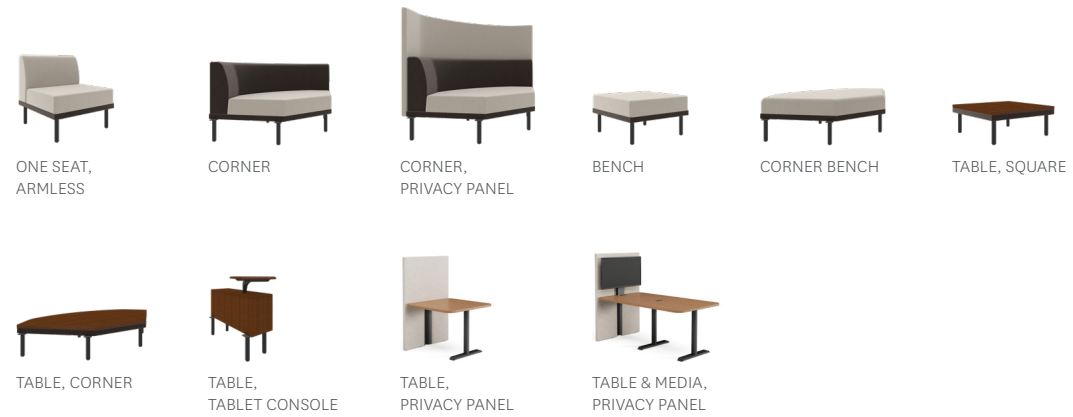

Eklund's desk nook creates an individual alcove, perfect for adding focus spaces to open plan landscapes. Featuring upholstered panels and a personal worksurface, its partial ellipse shape provides audio and visual privacy. Ideal for establishing touchdown areas or for any environment that needs to provide dedicated, solo suites.

With modularity that's reconfigurable time after time, Eklund's lounge, desk nook, rocker, and table collection create welcoming and comfortable spaces for collaborating as well as focusing. This comprehensive portfolio, including options with privacy panels, offers practicality and purpose.
