Meeting + Social Spaces

A SUPPORTIVE SOLUTION

Breakthrough innovation doesn't happen in a single purpose space. Attracting those who innovate collectively requires a vibrant, diverse, and inspiring locale and space. With Dock tables, you can specify large, modern tables that create opportunities for collaboration. Incorporate a mix of materials to create character that reflects the personality of the organization.

MEETING, CONFERENCE, AND IDEATION SPACES

Information sharing can occur in many different settings—at large tables or clusters of tables pushed together. Either way, Dock tables provide multiple ways to equip spaces for group work, including comprehensive power and data connectivity. If you're built for speed, and utilizing stand-up meetings for quicker interaction, there's also a full range of Dock standing-height and meeting tables to support this requirement.

CAFÉ, DINING, AND HOSPITALITY SPACES

Comfortable spaces are found at work and home, dining and relaxing, or learning and community and Dock has the style to fit all those avenues. Dock tables provide an expressive, cohesive look across multiple heights and sizes, along with the ability to use a variety of materials specification to provide a comprehensive solution.

MEDIA, RESOURCE LAB, AND LEARNING SPACES

We live in a world driven by on-demand knowledge...which in turn, relies on high-functioning spaces to seamlessly merge technology, community interaction and personal space. Dock tables offer large group tables with power/data connectivity and mobility that can be scaled and specified throughout a project to achieve both design and technical consistency.
