THOUGHT STARTERS

Flare with Functionality

Mix materials throughout a configuration and incorporate tables with the same leg design for a cohesive and inviting application.

Unique Versatility

Curved applications support user comfort and accommodate space limitations. Add freestanding seating to create an interactive workplace setting.

Diverse Flexibility

One seat lounge seating with casters and a removable tablet adds flexible elements that can be changed at a moment's notice.

Relax & Interact

Endless configurations provide a cozy area to relax or collaborate. Freestanding seating, ottomans, and lounge pieces combined with many material options make any space feel warm and welcoming.
