REFRESHINGLY ADAPTABLE

As healthcare continues to advance, the needs and expectations of patients and caregivers are changing, altering the course of traditional healthcare environments.

These changes are what has driven the development of Alterna, designed to support this evolving landscape with seamless and durable solutions for the entire facility—public zones, clinical areas, workspaces, and more.

The high quality construction of Alterna means it's dependable throughout the life of the product. The broad offering of finishes and materials make it easy to specify for new construction or renovations to existing facilities.

PEACE OF MIND

With Alterna, caregivers can tend to the task at hand knowing their supplies are safely tucked away and easily accessible. Having their tools and equipment out of sight creates environments that reduce stress levels and allow for focus on true healing.

CONFIGURABLE FOR YOUR NEEDS

A broad spectrum of models in different widths and heights means you can configure Alterna to best suit the need. With easy installation, components can be removed, reconfigured, and re-purposed should needs change.

ADA-compliant heights, sink cabinets, wall-mounted cabinets, and sloped top options are also available to meet specific needs of unique spaces. No matter the scale of the application, Alterna can be configured to be the perfect fit.

Features:

- A broad offering of standard product models allows for the specification of all areas in the facility.
- Thanks to simple installation, components can be removed, reconfigured, and re-purposed should needs change.
- Cabinets are designed to disassemble and reattach to prevent damage when moved.
- Upper and wall-mount cabinets are engineered to hang from z-brackets, eliminating the need for wall blocking.
- Cabinets deliver fully assembled for quick and easy installation.
- All base and storage cabinets come with adjustable levelers to quickly level on uneven floors.
- Cabinets come in multiple width, depth, and height options for easy configuration to specific needs.
- Filler panels and laminate toe kicks are available to create a finished, built-in look.
- Streamline your project schedule by having modular caseworks order and deliver with standard furnishings.
- Modular caseworks can be registered as a capital asset vs. a fixed asset.

Durability That Performs

Alterna is built to withstand rigorous cleaning agents. Its cabinets are finished in durable laminate while the tops are available in high-pressure laminate or solid surface. The toe kick option allows facilities to coordinate finishes, creating a built-in aesthetic.

Full Facility Approach

Creating custom solutions for break rooms, conference spaces, and administrative areas is possible with Alterna's broad spectrum of products.

Sense of Home

A broad offering of finishes and pull options brings the warmth and personality of home into the space.
