EMBRA™
Designed by 5D Studio

INTUITIVELY DESIGNED

Embra lounge seating is intuitively designed with thoughtful details, including accessible power, storage for personal items, surfaces and lighting. These design features support naturally human responses and behaviors, bringing humanity back into healing environments. Embra's purposeful and cohesive design elements support visual consistency and broad utility across a variety of healthcare settings.

HOMELIKE AESTHETIC

Embra is designed to make people feel more at home and at ease in healthcare spaces by respecting their needs for comfort, accommodation, and personal interaction. Embra offers that warm and welcoming sense of place to help calm the spirit and quiet the mind.

Mindful Modularity

Modular units can be connected in a multitude of ways to maximize space. Add tables between seating units to increase distance between guests and provide extra surfaces.

Cohesive Elements

With its extensive offering, Embra allows you to customize the look to perfectly fit your needs. Mix and match end caps to achieve your desired design.

Refined & Residential

Combine Freestanding Lounge with a Modular Lounge configuration to create the perfect intimate gathering space. Add a lamp to enhance the warm, homelike aesthetic.
