Established in 1903, Florence Crittenton Services is a non-for-profit organization that offers pregnant adolescent girls and women safe housing and prenatal care through delivery of their baby.

Focused on providing equity and empowerment, the facility offers comprehensive care including counseling and healthcare, as well as vocational and educational services. This holistic approach equips clients with the resources they need to become self-sufficient.

Atrium Health is a nationally recognized leader in shaping health outcomes through innovative research, education, and compassionate patient care. Headquartered in Charlotte, North Carolina, Atrium Health is a healthcare system with over 55,000 teammates at nearly 40 hospitals and hundreds of care locations throughout the Carolinas and Georgia.

The thoughtful and therapeutic design of the 38,000 square foot facility supports care providers and clients (as well as their families). By designing spaces that are welcoming and comforting, the facility offers an inviting atmosphere that is conducive to learning and healing. Many clients face racial and economic disparity and isolation, so the facility also becomes a place of refuge. This feeling of security combined with the comfortable atmosphere aid in their continuum of care.

With a commitment to every community it serves, Atrium Health seeks to improve health, elevate hope, and advance healing—for all.
