

Note: Farrah Ganging Tables surfaces can be Corian, Veneer or HPL. This Assembly Instruction can be used for all. There are different instructions for each. They will be called out in this Assembly Instruction.

Assembly Instruction

1

Lay the work surface face down on a smooth, clean, dry surface, attach the support bars to the work surface (Figure A).

Note: Corian material work surfaces have threaded metal inserts for 3/4"x 1/4_20 machine screws. Veneer and Laminate material work surfaces have two (2) predrilled holes. Attach Veneer and Laminate units with two (2) #10 x 3/4" panhead screws per bracket.

Note: Corian material uses, 3/4"x 1/4_20 machine screws.
Veneer or HPL material uses, #10 x 3/4" panhead screws

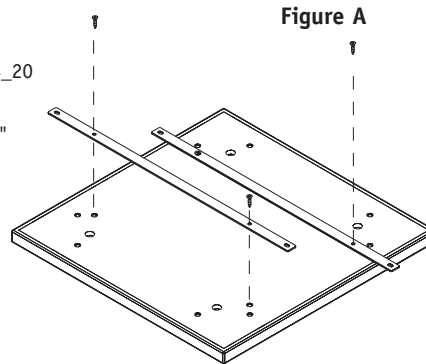

Figure A

2

Align two seating units into a position that allows you to assess the bottom of the units and attachment of the work surface (Figure B). Attach the work surface and brackets to the unit using four (4) 1/4"-20 x 1" Round Head Machine screws. Insure the Machine screw is seated to the bottom of the bracket and to the underside of the ganging unit.

Caution: Improper installation may result in a damage unit or injury.

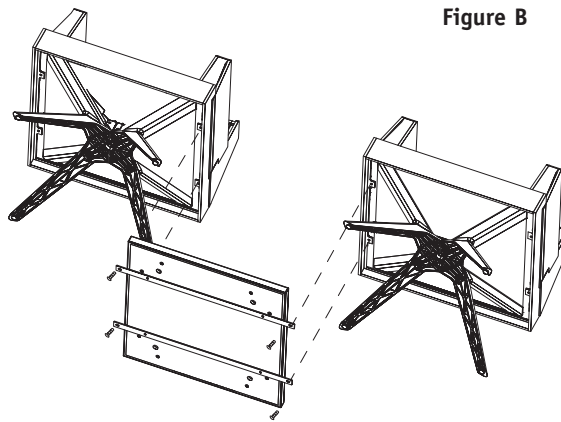

Figure B

3

Position the units in their upright user position. (Figure C).

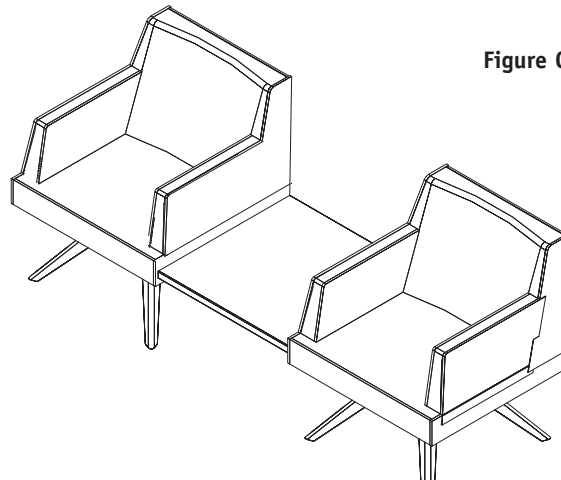

Figure C

Farrah Ganging Table
