

Kozmic™

COLLABORATIVE COLLECTION

NATIONAL®

Infinite Possibilities.

Create versatile solutions for lobbies, gathering areas, and other open plan spaces with Kozmic. This collaborative collection features spines, seating, and tables that can be configured to provide tech-savvy, comfortable spaces for sitting, leaning, standing, and perching.

Interact, focus, power up, or touch down.

The Kozmic collaborative collection has the flexibility to outfit a variety of spaces. Kozmic creates configurations that are comfortable for all users, whether they are in a space for a short period of time or an extended stay. Along with Kozmic's innovative spine construction and design-forward worksurface and table options, its integrated power grommets are easy to access and simple to use. Kozmic is a stylish, comfortable solution for spaces to socialize, work, and power up.

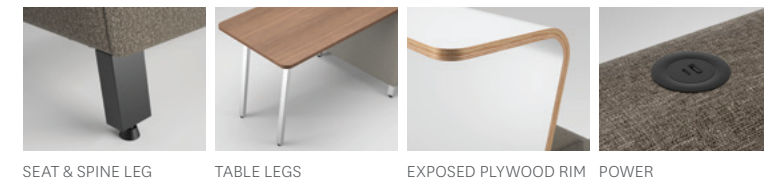

Kozmic's spine-based design easily creates configurations for smaller footprints and larger open plan spaces. This flexibility allows for the addition of workspaces, bistro tables, and even mobile bench seating to create workspaces, lounge spots, or impromptu meeting areas. Optional power and USB outlets provide straightforward solutions to the ever-growing need to plug in and charge up.
