- 2** On Ganging Leg locations, remove multiple units from their boxes and if able turn each unit upside down placing them on a protected surface (carpet, blanket, etc.) free of dirt and debris. Locate two t-nuts per unit and use four 1/4-20 X 1 hex head bolts with a washer to attach either a metal or wood leg spanning the two units. Add leveling glide to each leg. Turn unit over and set into place. If not able to turn upside down attach a pair of ganging legs to one unit using the technique above. Then set into place and fasten remaining bolts from underneath.
