

## Kolo Pod & Om Pod by National Cease Fire® Unit

The Cease Fire® Unit is self-activating. Each unit is designed to initiate automatically by means of a sprinkler head rated at 155°F (68°C). The temperature rating for each sprinkler head is stamped on the star shaped deflector in both Fahrenheit and Celsius measurements. When the temperature rise to activate the Cease Fire® unit, the sprinkler head opens automatically and dispenses the entire contents in less than 10 seconds onto the fire and throughout the enclosure being protected. The unit is equipped with the optional pressure switch, a signal is sent at the time of discharge to activate accessory equipment, such as an alarm.

**CFP80LP**

For OM Sit, OM Stand, Kolo 1 and Kolo 1+

**CFF800LP**

For Kolo 2, ADA, Kolo 4, and Kolo 6

- Order directly with Ceasefire
- Mounting hardware for Kolo Pods and Om Pods
- Pressure switch to connect to building alarm system
