The turnkey conference solution

Ever heard of an office with too much variety or too many meeting spaces? Neither have we. That's why we designed the Kolo Pod. As the latest and greatest innovation in office phone booths, the Kolo Pod gives your team control over their environment with no contractor required! It's designed to offer a quiet space within office environments for focused work, one-on-one meetings, and gatherings with up to eight people.

The Kolo Pod is designed to maximize your environment with features like our Anti-Eavesdrop Design that obscures speech intelligibility for privacy, built-in rollers on all models (except our ADA-compliant pod), and motion-activated fans for refreshed air and comfort. Available in five sizes and an ADA-compliant model, you'll be certain to find the right pod for working, learning, and healing environments. Made with best-in-class materials and backed by our Limited Lifetime Warranty, the Kolo Pod is always in stock and ready to ship.

ANTI-EAVESDROP DESIGN

Our unique Anti-Eavesdrop Design reduces noise by up to 33dB both inside and outside of the pod.

ROLLING TECHNOLOGY

Every pod (except our ADA-compliant model) is equipped with easy-to-use rollers, so you can move them anywhere in your office, even after installation.

AIRFLOW

Motion-activated fans within our Kolo models refresh the air in less than 3 minutes, maintaining optimum comfort and safety.

PLUG + PLAY

Our Kolo Pods come standard with built-in ethernet ports, AC power outlets, and USB charging ports. Simply plug the power cord into a grounded, 15A outlet and get right to work.

OPTIONAL DECAL

Choose an optional standard decal for additional visual privacy. Or show off your brand identity with custom decals.
