# Chaddy

FLIP. NEST. STACK.

Chaddy was created to offer extreme versatility and exceptional comfort. Its sleek profile, beveled seat contours, and optional tablet arm create the perfect combination of style and performance for workplace, healthcare, and learning environments.

Available in static or mobile options, Chaddy's flex back reclines 7°, adding unexpected comfort and ergonomic support. The arms raise and lower 90°, providing easy access. Chaddy can stack up to four high for maximum space management and its flip/nest capabilities offer storage flexibility.
