

ALTERNA®

Alterna

Designed to accommodate the evolving landscape of healthcare environments, Alterna provides seamless and durable solutions for an entire facility. From public places to clinical areas, and work zones to breakrooms, Alterna outfits healthcare spaces with style, performance, and durability.

Alterna is a modular casework solution built to support the full facility. Its high-quality construction means it's dependable, while the broad offering of finishes and materials makes it easy to specify for new construction or renovations to existing facilities.
