# INTERACT, BOOST PRODUCTIVITY, AND CREATE NEW SPACES WITH **MIO** **COLLABORATIVE** **TABLES**

**MIO™ COLLABORATIVE TABLE** DESIGNER WHITE LAMINATE WEDGE TOP, SOFTENED RIM PROFILE, SABLE LAMINATE WALL, PLATINUM METALLIC BASE  
**EXHIBIT™ WALL RAILS** PLATINUM METALLIC RAILS, GLASS MARKERBOARD INSERTS (BY DESIGN PRODUCT MODIFICATION)  
**MIX-IT® TASK STOOLS** STINSON FLEX CONTRAST

Mio collaborative tables create smart, design-driven workspaces for open plan configurations and meeting areas. Available at worksurface or bar height, with a variety of top shapes and surface materials, mix and match Mio's options to create the right fit for your style and application. Mio's tech-savvy base features removable doors so that cords can be concealed to create a clean aesthetic and smart storage.

In an open plan area, Mio can be used to create a visual distinction between work zones. The vertical surface of the wall can accommodate a TV mount or markerboard to best support your needs. Mio can also accept Epicenter or worksurface hookups to create a run of benching workstations, or mount Mio to the wall with Exhibit to save space and create a meeting nook. Mio tables offer smart solutions and design versatility.

**MIO™ COLLABORATIVE TABLE** SABLE LAMINATE WEDGE TOP, SOFTENED RIM PROFILE, SABLE LAMINATE AND MARKERBOARD WALL, PLATINUM METALLIC BASE
