# Form follows function.

Ideal in any environment that promotes learning, sharing, or growing, Essay seating offers smart design and intuitive functionality. Its chevron back design keeps bags in place while the optional tablet arm swivels to accommodate left- and right-handed users. Available as a student chair, task chair, or stool, Essay is a smart solution for all spaces.

Created from a collaboration between an Industrial Design student and our design department, Essay offers unique features designed to accommodate students. From the back shape that prevents bags from falling to the chevron tray base that allows personal belongings to be secure while keeping aiseways clean, Essay is simple yet highly functional.
