“We’re absolutely thrilled with the outcome of the space. It beautifully marries inspiration with comfort and warmth, creating a welcoming environment that truly showcases our furniture. We all feel lucky to get to work out of a space so thoughtfully designed.”

- Tanya Schneider, Prevolv Partnership Manager

After 26 years in business, Prevolv was looking for a well-established manufacturer with an expanded product selection and found the Kimball International family of brands to be the best fit for a long-term partnership. After Prevolv became the Kimball International aligned dealer in the Minneapolis/St. Paul area, they completely transformed their showroom, unveiling a stunning array of products designed to inspire and elevate their space.

Collaborating with BDH Design, an esteemed design firm based in Minneapolis, Prevolv set out to create a showroom that seamlessly blended the company culture of Kimball International with their own unique identity. The vision was to create a space that exuded the warm and welcoming atmosphere synonymous with Kimball International showrooms, while still capturing the genuine, family-focused Prevolv culture that their long-standing clients have come to know.

PRODUCTS SHOWN

Kithara® Lounge / Toss® Pillows

As a tribute to Kimball International’s rich history, the Prevolv team wanted their renovated showroom to incorporate a rendition of the “Makers” mural exhibited in Kimball International’s headquarters in Jasper, Indiana. Through thoughtful collaboration with the original graphic designer, they successfully brought the mural to life, adding creativity and inspiration to the space.

PRODUCTS SHOWN

Narrate® System Panels

Prevolv’s refreshed showroom spans an impressive 18,000 square feet and boasts a wide range of workplace solutions that cater to the evolving needs of modern workstyle preferences. With open workstations, private offices, meeting spaces, collaborative areas, and the inclusion of healthcare and education solutions, the updated showroom showcases the wide portfolio of products available through Kimball International.
