PULL-UP TABLES

Mariben pull-up tables combine smart design with stylish contours. Its crescent-shaped base plate allows the pull-up table to be nestled around the leg of a chair or nested for easy storage. Mariben incorporates mixed materials, height adjustability, and varied shaped tops, cultivating a table solution that is practical, affordable, and flexible.

"Throughout the development of Mariben, we challenged ourselves to keep it simple, intuitive, and user friendly. We wanted to make sure to hit these three elements from the top shapes to the table column to the base plate."
