

# Kolo Pod

## POD COLLECTION ENHANCEMENTS

Developed to offer a choice for privacy in open settings, Kolo Pods are an ideal solution for working, learning, and healing spaces. Available in five sizes and an ADA-compliant model, the Kolo Pod makes it easy to find the right solution for any environment.

Enhanced to offer thoughtfully designed surfaces and media support, new seating options, and smart accessories, Kolo Pods are well equipped to host collaboration, provide privacy, and promote productivity.

The portfolio now includes a collaborative credenza that easily adds a worksurface, pivoting tablets, power, and media support to Kolo 2, Kolo 4, and Kolo 6 pods. In addition, an occupancy light and locking privacy handle have been added to the collection.

With clean lines, angular details, and straight arms, Fringe 3.0 was designed to fit within Kolo Pods. Available as a one-and-a-half seat width lounge and a nook unit that features configurations with a storage cubby or tablet arm, Fringe 3.0 has two arm heights and one back height.

### ENHANCEMENTS

#### Collaborative Credenza

- Provides a slim worksurface with dual, pivoting tablets that swivel 180°
- Monitor stand available in a variety of paint colors, accommodates screen sizes from 32" – 80", and supports up to 100 lbs.
- Surface and end panels can be specified in coordinating or contrasting laminate
- Cord management is concealed by a removable access panel and the surface grommet makes it easy to access power

#### Fringe 3.0

- Lighter scale design with thin back and arms, designed to fit in Kolo Pods
- Outer arm features a straight profile
- Available in two arm heights and two back heights
- Cushions feature a residential style, softer sit
- Nook configurations either feature a storage cubby or a tablet arm
- Tubular legs available in a wide variety of paint colors

#### Accessories

- Locking privacy handle provides keyless locking convenience
- Occupancy light features red indicator light and is tied to a passive infrared (PIR) motion sensor
