## COLLABORATIVE TABLES & ACCESSORIES

Zing is a flexible table system designed for spaces that change throughout the day. With integrated power options, clean wire management, intuitive flip/nest, and a wide range of shapes and heights, Zing supports fast reconfiguration. Its pre-installed features and simple specification reduce complexity and drive quick installation. Thoughtful details like generous kneespace and coordinating mobile media cart and collaboration tools, make it easy for Zing to meet needs across workplace, education, and health environments.
