

DESIGNED FOR YOU. CRAFTED WITH PURPOSE.

Our ByDesign team is dedicated to providing customized solutions. Focused on the outcome and the experience, we have a step-by-step process that guides customers so that we can create unique solutions for dynamic spaces.

Product Modification

Adjust sizes, shapes, and configurations to accommodate the architecture of your space and your personal workflow.

Engraving & Embroidery

Add logos, graphics, or other personal touches to our products with custom embroidery and laser engraving.

Stitch-it™

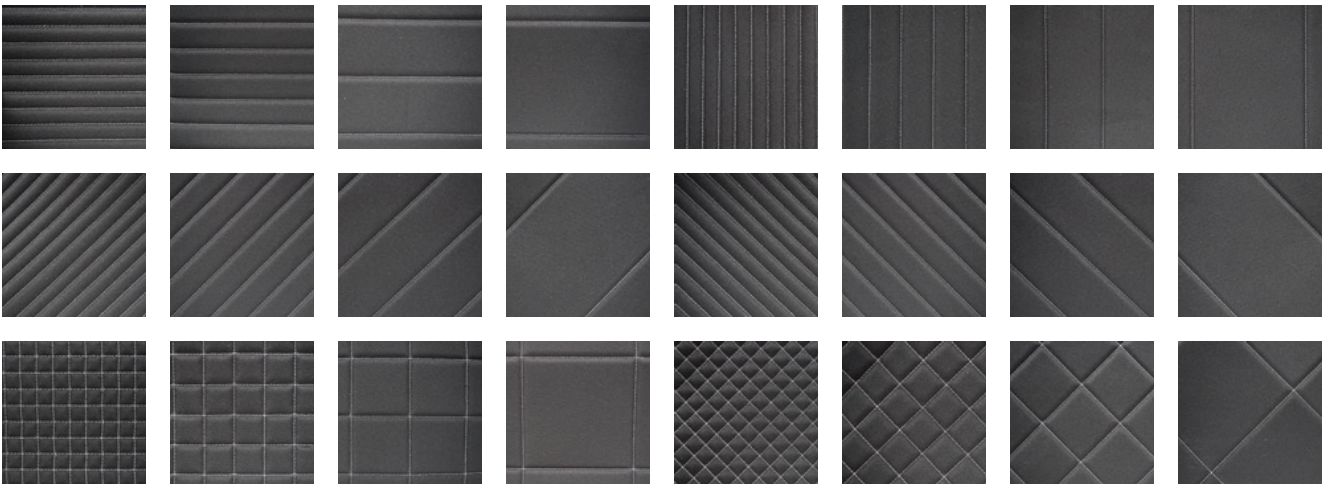

Stitch-it adds tailored design to standard upholstered products, from grand scale to delicate stitching.

Special Wood Finish or Paint

Match existing products or create wood finishes and paints that are custom-designed for your space.
