ALTERNA  
Healthcare

## MODULARITY WITH PURPOSE

Alterna supports the unique demands of healthcare environments by combining adaptability, durability, and a professional aesthetic. Designed to meet needs across the entire facility, from patient rooms and nurse stations to clinic check-in and staff respite areas, Alterna delivers long-term value that helps healthcare environments perform better. With contract-grade materials that are tested for performance, along with consistent finishes and flexible configurations, Alterna solves everyday challenges across clinic, staff, and support spaces.

Features & Options

- Robust offering of components that can be removed, reconfigured, and repurposed as needs change, throughout an entire facility
- Cabinets designed to disassemble and reattach to prevent damage when moved
- Storage available in multiple width, depth, and height options to accommodate standard and accessibility requirements
- Storage components deliver fully assembled for quick and easy installation
- Cabinets and lockers available with a flat-top or sloped-top
- Surfaces, cabinets, and storage can be specified within 1/16" increments
- Doors and drawers feature soft-close hinges and slides
- Upper and wall-mount cabinets engineered to hang from Z-brackets, eliminating the need for wall blocking
- All base and storage cabinets include adjustable glides to quickly level on uneven floors
- Filler panels, soffits, and toe kicks available to create a built-in aesthetic
- Lockers are non-locking as standard; keyed, electronic keyless, mechanical keyless, or Hasp locks available
- Modular casework can be registered as a capital asset versus a fixed asset
