WHA'D'YA MEAN THE FIRST THURSDAY'S ON OCTOBER FIRST!!!!

It got me by surprise too! Between a busy woodworking calendar and travel schedule, the time slipped by. Therefore coming next month will be a list of library books, photos of the club picnic, a summary of some of the CVWA activities during September, and important events.

WELCOME GUESTS

The CVWA welcomes our guests, Roy Williams, Jack Fairless, and Mark Norman, and, and new members, Brad Eden at the September meeting. We hope that you enjoyed the presentation, and that you gained a little more interest in woodworking in the Conejo Valley.

THANKS FOR THE COFFEE POT!

Where would we be without coffee? After our coffee pot perked its last spurt, Robert Deminico donated his coffee maker. Thanks very much.

CHRISTMAS TOY PROJECT

CVWA started working on our Holiday Toy Project. Kurt Kirby (805-529-7546) and Gene

Strojek (805-523-3113) are heading the project this year. All kinds of woodworkers are needed: Individuals to work on special toys of their choosing, teams and leaders of groups of 3 to 5 woodworkers, and a large team for an "assembly line" to make about 30 or so toys. In addition, donations of good quality softwoods and hardwoods, dowling, and paints and primers are needed. If you are interested in helping out, either making toys or providing materials, let Kurt or Gene know.
