BRING CASH OR CHECKS. WE CAN NOT DO PLASTIC AND WE CAN'T FLOAT LOANS OR DELAY PAYMENT.

## THE AUCTION

OCTOBER MEETING

## SEPTEMBER SHOW AND TELL

We had a lot of show and tell items in September. We want to remind the members, that this is the time to show off your skills – or your progress in developing those skills. Keep these items coming in. We had a lot of show and tell items in September. We want to remind the members, that this is the time to show off your skills – or your progress in developing those skills. Keep these items coming in.

**Bill Gourlay:** The desk was too large to carry in, so Bill displayed a couple of sections to show its construction. The routed keyboard tray was designed to fit the keyboard and included room enough for a mouse pad.

**Gene West;** a doll cradle, two robots and a mechanical toy that moved a ball around by means of turning a crank and lifting an array of pistons. (This is really a method of changing vertical motion into horizontal motion.)

**Aaron Seigmond;** a holder for a set of Crayons and a piggy bank

**Stephen Case-Pall;** a fine jewelry box

**Marshall Nathenson;** a sample of a heart shaped box that he will be making for the toy project at his workshops

**Carl Stude;** a turned bucket and ladle. Carl is a guest from the Valley Turners.

## SEPTEMBER PROGRAM

**Tim Kimak** brought in his tool chest that had been featured in a *Fine Woodworking Magazine* article and in “Toolboxes”, a Tauton Press publication, It was a masterpiece of craftsmanship. I’m not sure that I would let my wife store her linens in it, let alone my tools.

## SEPTEMBER TRIP

## SEPTEMBER Visitors

**Carl Stude** came up from Burbank. In addition to sharing his crafts with us, He brought along a truck load of wood for the toy projects. Thanks! Also sharing the evening with us were **Steve Dunning, Craig Fox, Marco Gand, Don Hanson and Larry Toops.**

## SEPTEMBER NEW MEMBERS

**Carl Stude** came up from Burbank. In addition to sharing his crafts with us, He brought along a truck load of wood for the toy projects. Thanks! Also sharing the evening with us were **Steve Dunning, Craig Fox, Marco Gand, Don Hanson and Larry Toops.**

<b>Wolfgang Ludeking</b>	tool box
<b>Bill Watkins</b>	rosewood log
<b>Hal Schroeder</b>	ear muffs
<b>Cathy Carlson</b>	shop apron
<b>Jack Luhrsen</b>	ear plugs

## OCTOBER MEETING

If you haven't figured it out yet, this is auction month. The auction will start at 7:00 PM at the Redwood Intermediate School Cafetorium.

We will have several hundred dollars worth of new items for auction in addition to the used items donated by the members. Coordinators and donors are requested to be at the facility at 6:00 PM to insure that the items are properly tagged. Please come early to help set up the facility. This is the big one!! Don't forget to bring your discards and be prepared to take a lot more home with you.

Thanks. This is a no reserve auction and there will be no paybacks.

We can not take credit cards. Payment is by cash or check at the end of the auction. We can not delay payment.

## NOVEMBER PROGRAM

In response to a number of requests, the November meeting will differ from our usual format. There will be a number of work stations set up both in the shop and in the Cafetorium to demonstrate the use of various tools. The presenters will demonstrate the proper use of these tools for the entire two hours of the meeting and the members will be able to visit any or all of the stations at their leisure. So far we have confirmed presenters for: Scroll saw, pen turning, router and hand planes. We expect to have stations for turning, carving and sharpening as well. It looks like a great program.

**December Meeting** is the Show and Tell time of the Year. If you have a project to share, this is the time to show it off - along with your Christmas projects.

# ANNOUNCEMENTS THANKS AND OTHER STUFF

## LETTER FROM THE PREZ

Our annual club auction will be held at this month's meeting. Many people have been involved planning and working to make this event a success. Brad, our auctioneer, is warming up his voice and refining his patter so plan to attend, bring your items, and bring your wallet or checkbook. It should be a fun time for one and all.

Most important, this auction will only work if we have items to auction, and while we have some nice donations from suppliers and vendors, most of our items must come from our members. Take this chance to clean out your shop and closets and donate items. Bring that Christmas gift that's nice, but just not what you need. Bring that extra drill bit set or level or try square someone's given you. Bring that power tool you don't use anymore because you upgraded. Bring your finished work. Offer your shop time. In short, bring anything other than out and out junk.

Our committee seeking donations has done a great job. We've had many great donations including;

1. a 35lb. vise
2. Delta drill press vise
3. AMC Miter saw
4. Lexmark Computer color printer
5. Stanley block plane
6. Drill accessory kit

Conejo hard woods 10 \$10 4 x \$50

Jointech dove tale guide

Block plane

Bit sets

5 pieces of cocabola

drill press table kit

small woodturning lathe

7. several hundred dollars in gift certificates

Who knows what other treasures other members will bring?

Remember that spouses are invited. The club will provide beverages to go with the pizza. We want to make this a festive occasion that all can enjoy while we raise additional funds for the club. We plan to open the doors a little early so that we can start the auction by at least 7:00 to give us as much time as possible.

The auction staff will be at the school at 6:00 to register and tag your donations. You might want to be there early also so that you can inspect the items available The doors will open at 6:30. All the money raised will go to the club to defray expenses and keep dues low so everything you spend comes back to you both in the items you purchase and in club benefits. Come join the fun and help us make this fundraiser a success.

Ira Goldberg

## Christmas toy projects.

With only 66 days to go, obviously time is beginning to run short and the December due date for the toys is almost here. December 5 is the day these have to be turned in and given to the representative of Interface. So Call Bill and sign up for one of these 3 workshops.

You don't want to do a workshop but want to do something on your own – go ahead. Just bring in the finished products on December 5.

We need ideas for toys for girls, so if you have been making things for a daughter or granddaughter, let Bill know what it is.

(you may want to give Bill a call and tell him what you are making).

Please contact the people below if you want to participate in a workshop

Saturday October 12, 9 am: Thousand Oaks

**Marshall Nathanson** 495-4820

Saturday, October 19, 9 am: Simi Valley

**Bill Aurand** 527-6092

Saturday, November 9, 9am Simi Valley

**Bill Aurand** 527-6092

## Holiday Party

Stephen Case-Pall and his wife have again generously opened their house to us for the holiday party. It will be held on Saturday, December 7, 2002 at noon. The club will provide the beverages and the members will provide the food for a pot luck dinner.

**THANKS** to **Lyle Johnson** for donating the rosewood log to the raffle and to **Carl Stude** for the truck load of wood for the Christmas toys.

**Because of the auction, there will be no show and tell at the October meeting.**
