Editors Corner

I would like to thank Tom and his wife for hosting the July meeting.

I now I had great time demonstrating mortice chopping . I just wish I could have also been able to check out the other stations. Its good to see the group getting back to basics with the stations demos. We will try to have at least three of these meetings a year, if you have a technique that you can demo in about 10 to 15 minutes, think about voulenteering for the next one.

We have decided to move the breakfast get together at Denny's in Camarillo to the fourth Friday of the month to space it out a little more from the third Wednesday at Pickles in Newbury park. This is not for just the Camarillo area members but another chance socialize between meetings. I get a lot of good ideas from talking at these breakfasts that we don't seem to have at the meetings because of time constraints to get the speaker, business, raffle, etc and out at 9PM.

If someone would like to step up and organize another one in Simi Valley during the first or second week of the month, call or email me and I will help publicize it. That would give us a meetup close to each major geographic bunch of members and one more chance to get together and share with the other members each month.

The Anderson Plywood Swapmeet is coming up this month (Aug 17). Does anyone want to carpool/convoy down there? I can only carry one person, but could carry back a lot of swag in my truck. Anyone interested, call or email me.

The Picnic will be my first one and I am looking forward to it See you all there.

July Meeting

The July meeting was a milestone for the group. We ratified the new version of the Constitution and Bylaws. And it was also a return of the member techniques demonstrations (stations). Tom Denton's backyard and workshop was a perfect fit and a round of thanks are due to Tom and his wife for hosting.

Chuck Nickerson demonstrating different types of chisels and their use.

Steve Sampietro demonstrating sharpening .

Dan Gallo demonstrating the scroll saw.

Mike Pentecost demoing hand chopped mortices.
