Editors Corner

This issue is a quick combination of the missing February issue and the March one. I am just not able to sit at my computer for very long at a time yet to do a full pictorial issue this time. As always, the full size pictures are available on the website.

We need to start planning now if we are going to have a presentation at the county fair this year along side of the turning and carving groups. Can anyone help me to find out who and what are involved with this? I see it as an important way to let the community know about our group and attract new members.

The new and old board of directors will be meeting to turn over the reins and start planning where we are going this next year. If anyone has something they want included for discussion, please contact a board member and let them know before the meeting.

January Meeting

January saw the return of Brian Miller and an in-depth talk on the use of dyes in finishing. From the number of questions from the floor, everyone got a lot of good information from the talk.

I am still retyping the handout Brian provided and will include it in the Bladerunner as soon as I get finished with that.

February Meeting

February saw the election of our officers for this new year and a talk by Bob Rennie on power saw safety. I like his six inch rule, it keeps the number of fingers on your hands the same both entering and leaving the shop.

Coming in March

- Mar 4 7 PM Board of directors Meeting, Tom Denton's house.
Meeting of both old and new Board.
- Mar 6 7 PM Regular monthly meeting at Redwood School.
A talk of making mountain dulcimers is scheduled.
- Mar 19 9 AM Breakfast at Pickles in Newbury Park
- Mar 28 9 AM Breakfast at Dennys in Camarillo

For Sale /Wanted

If you have anything to sell or trade or are looking for something specific, send me an e-mail bsddude@yahoo.com with the details to include here.

CVWA Hats and shirts for sale. A great value at \$10 each

We also have coffee mugs.

Wanted: A way to transfer VHS tape videos to DVD. Does anyone have a setup to convert VHS videos to DVD so that we can copy over our library tapes to DVD. See Mike Pentecost or the Librarian Vince Vlastic.

Wanted: Help with the Bladerunner. I would like to have an assistant to help with the Bladerunner, mostly to cover if I get sick again. Should be comfortable with computers. I will train if necessary in how to do put it together and publish it. Phone or e-mail me if interested.
