From the Toy Master

The end of the year is approaching very quickly and we will soon be turning our years worth of toy production over to the Sheriff's Department for distribution to needy children in Ventura county.

Please take the time now for your shop and skills to turn out some items that may make a very large difference in the holiday season. We will turn them over at the December 4th meeting, so you still have some time for your creativity to blossom.

Arlen Handberg
Toy Chairman

Brad performed his auctioneer duties to perfection as usual!

Help Needed - Conejo's Stagecoach Inn

I chatted with Hans Olsson today during a lunch-talk at the Scandinavian Center about his work and the Conejo Valley Woodworkers Association (I got your name and email address from website). I am associated with the Conejo's Stagecoach Inn Museum. Blanca Relle, the Object Curator, for the Museum has recovered 'many quality woodworking tools from 1800-1950's and she needs help with identifying the tools and perhaps creating a display at the Museum's carriage house and/or blacksmith shop, demonstration at some of our events (Pioneer Days).

Hans did mention that he 'could' stop by the Museum. I would be happy to meet with you or your group to explore this opportunity.

For Sale - inexpensive shopsmith components for sale

I live in Westlake Village. I have a Shopsmith belt sander 555355, power station, bandsaw 505641, and jointer 505681-B for sale, cheap. I would take \$500 total for all units. They have minimal wear and have not been used in many years. I know the bandsaw needs a new belt. I believe all parts are there. Shopsmith protective covers and manual included. Of course, all sold as is. Please let me know if any one in the group is interested. Thank you.
