Editorial

There were 16 CVWA members who showed up at the first Coffee n' Chat meeting at the Thousand Oaks Mall, indicating a good interest in social gatherings among our members. If you'd like to join the next one, we'll be meeting at the **Thousand Oaks Mall**, Tuesday November 10th @ 10AM on the patio, near the food court. No breakfast, just coffee and chat with other members. Maybe you can discuss why members don't volunteer?

October Meeting

With thanks and kudo's to **Tom Wenz**, our annual auction fundraiser got off to a smooth start, and our auctioneer **Brad Ormsby** kept it rolling smoothly through the evening. We really appreciate both of their efforts, and that of members who contributed items, bought things and worked the evening of the auction.

Members plan their bids

Some unexpected friends dropped in

Brad keeps the audience in stitches as the evening progresses.

Concentrate! Wait till he says "Going once"

Got it! Number 24 strikes again!

November Meeting

Glue Tutorial by **David Seidler**

Are you using the right glue? Did you ever find that a glue didn't work as expected and spoiled that project?

If so, you don't want to miss this Thursday's program!

Dave Seidler (our Membership Director) will present a tutorial on glues at our Thursday meeting. Dave has compiled information about glue types and their application after a 37 year career as shop teacher at Camarillo High School.

Dave will present useful information about selecting the correct glue type for a particular application. He will also discuss the relative costs of each type.

All the glue types are available locally at your favorite home center, so this could prove to be beneficial to everyone who shops for glues and wants to buy the best for the project at hand.

Toy Workshop Update

Those of you who are making toys individually, please send two photographs of your workshops or toys to

Those of you working on toys for December, please contact **Brian Connell**, celtici@sbcglobal.net or **805 526 6482** to coordinate your toys and shops for this important effort.

Whoozin???

By now you should be familiar with **Whoozin**. If you have any questions or suggestions, talk with VP **Christian Ziegler** at the meeting

Shop Tours

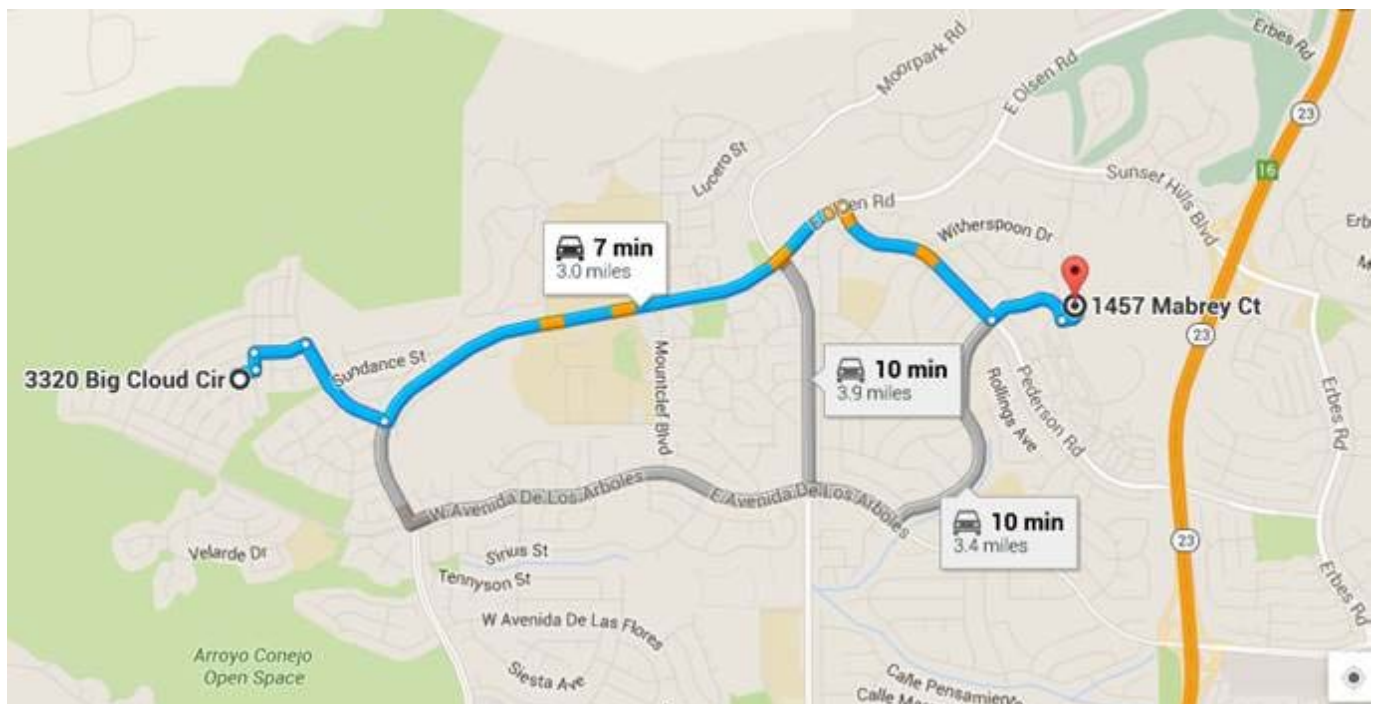

Member Workshop Tour in Thousand Oaks, November 21st

Want to help advise some members on their new workshop? If so, join a Saturday tour of two member's workshops in Thousand Oaks.

Tom Welz and **Will Robbins** are hosting a tour of their new residential workshops. Both are soliciting your advice as they show off their workshops.

Tom (3320 Big Cloud Circle) will be first at 9:30 am and will serve coffee and donuts. **Will** (1457 Mabrey Ct) is next at 10:45 am and will serve lunch at noon.

Look for a **Whoozin** invite and respond so we get a reasonable head count for food.

Christmas Holiday Party

HOLIDAY PARTY HEADS UP

The CVWA Holiday Party will be held on December 5th this year from 12pm to 3pm. Our hosts will be **Richard and Bonnie Kingsbury**, whose son **Brad** has graciously opened his beautiful home in Agoura Hills to our club again.

We will continue to have members bring a side dish or a dessert and the \$5 per person collected when entering. It will be BYOB. As in the past we will have a gift exchange for those who wish to participate.

All the information about the party will be in the **Woozin** Invite that will go out in November in your email. Be looking for it please!

We always have a great time at these events. Thank you again **Richard, Bonnie and Brad** for hosting the event.

Subject: Invitation to Join BuildSomething
Date: October 2, 2015 at 9:01:40 AM PDT

My name is Lindsey Rolfs- I'm the Marketing Specialist for the all-new do-it-yourself project site www.buildsomething.com. BuildSomething is an online community designed to provide woodworkers an outlet to share their woodworking plans with the world, and is an excellent resource for free plans.

At its core, BuildSomething is fueled by passionate woodworkers who have a love for building, designing plans, and showing others how to build them. I would love to invite the members of the Conejo Valley Woodworkers Association to join the community of plan designers and woodworkers by sharing their plans on buildsomething.com.

Please let me know if you have any questions. I'd also love to hear feedback after you've uploaded a few plans!

Thank you and happy building!

Lindsey

Hello! I obtained your contact information from the Conejo Valley Woodworkers Association website, and I have some information to share with you and your group.

I have just published "Christmas Scroll Saw Ornament Designs", a book containing over 200 Christmas ornament patterns. I really love making ornaments to share with family and friends, and I am very proud of the book, so I hope you will pass this information along to any scroll saw enthusiasts in your group.

The sections of the book include: Introduction, Twelve Days of Christmas, Traditional, Joyful Noise, Religious, Toys, Sentiments, Winter, Snowflakes, Design Your Own, and Photo Gallery.

This short video shows an overview of some of the book pages:
