President's Message

It's going to be a great year for CVWA, with lots of stimulating topics and activities. How do I know that? Because you, the members, have told me so.

Last meeting, you kindly took the time to fill out my survey to share your thoughts with me. I have collated the results, and created a summary which you will find following this message. I have highlighted the most popular topics.

Then, at the Board meeting this month, I shared these results with my fellow Board members. I told them, this is what the members want. Let's start working on programs and workshops that fulfill these wishes. And that is what we are doing.

In the upcoming months, you'll see that we have chosen speakers and workshop leaders to present these themes to you.

Enjoy!

One more thing – do you have a small shop? Not everyone is lucky enough to have a Goodyear blimp hangar to use as their shop. I want to set up a tour of tiny shops. Perhaps you have a portion of a garage, or everything is on wheels to shove out of the way to get the car into your shop/garage. Maybe you're using a portion of a covered patio. Our members want to see your small-but-mighty shop to get ideas for their own less-than-huge spaces.

At our April meeting, I will be asking you to let me know who you are so that we can organize the Tiny Shop Tour.

I'm also looking forward to hearing Bill Aurand talk about the shadow boxes he builds at this upcoming meeting. We're thinking of scheduling a shadow box workshop later in the year as a follow-up to the program.

As always, thank you for being a part of CVWA. And, thank you twice if you're an active part of the group – either as a volunteer or an officer.

See you at the next meeting!

Deena

In Memoriam

Dick Wakefield passed away peacefully on March 3rd, surrounded by his wife of 62 years, Charlean, their four children, nine grandchildren, and four great grandchildren.

Dick was a long time Club Member and talented woodworker. He was an avid volunteer for many organizations...in other words, he was a person who gave of himself. He will be missed.

March Program

Stephen Case-Pall (First Dude) gave a great presentation on wood planes. He showed off his extensive collection and talked about the different types of planes and their uses.

He uses all of his planes...they are not decorative!

Thanks Stephen!
