

# *CONEGO VALLEY WOODWORKERS* BLADERUNNER-NEWSLETTER

October 2023 Issue #320

## President's Message

Progress, the Cherry Table top has been sanded on both sides and reunited with the floor after I sprayed the concrete floor with some water to see if I could improve the board's flatness. Once I am satisfied, I will refinish. As for the Duncan Phyfe dining room table base project, the finishing is complete and the table top has been reunited with the base and is in service in our dining room, mission accomplished!

At our next meeting, October 5th at 6:00 pm, "Yours Truly" will be talking about sharpening chisels and plane irons using the Tormek sharpening wheel and different stones. This presentation is about how I like sharpening chisels and plane irons, not the only way. Bring your ideas and share them with the members.

November 2nd, meeting, we will have our Past President, Arlen share some of his favorite Jigs. Then on the following Saturday, November 4, Arlen will be hosting a shop tour, a treat you don't want to miss.

Annual Auction. Clean out the shop of tools no longer being used and then replace them with tools you need and want! This year, our Auction is scheduled on **October 14th again at Will Robbin's house**, please save the date and come to the Auction. Our Membership Chairman, Jeff Bock is still accepting your due payments and also, updating your current information. He might even have a new "OLD" tool for you to identify.

It is time to start thinking about our Club Elections for next year. If you would like to be a part of the team that directs the Club, please let me or a Board Member know what you would like to do. It is fun to be on the Board and work towards our common goals of learning and experiencing the craft of Woodworking.

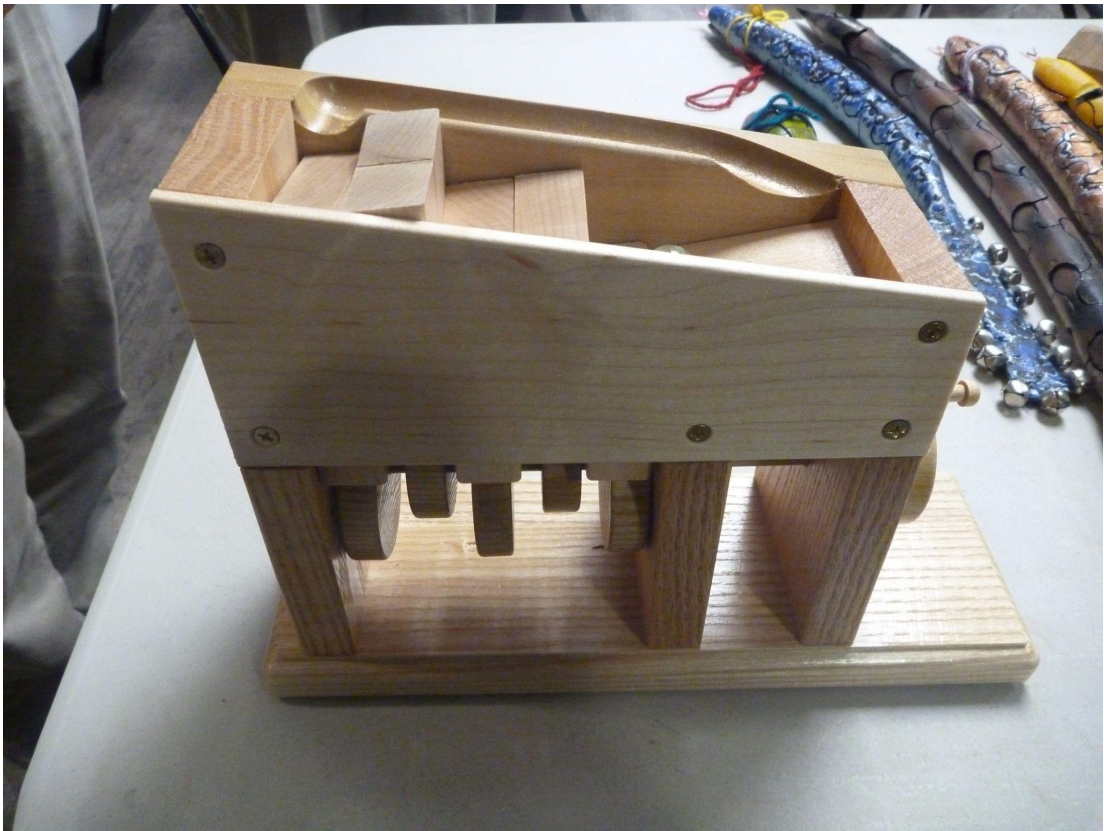

See you at the next meeting. Brad Ormsby

# Highlights of September

Here are some great photos from our last show and tell. I apologize for not having descriptions of each item and who made it.

## **October Events:**

Next meeting, October 5, 2023 at the Goebel Center, we will be raffling these items:

Pica 30402 Marker Kit and Lead Case 4020

[https://www.amazon.com/dp/B08B168P7Z?psc=1&ref=ppx\\_yo2ov\\_dt\\_b\\_product\\_details](https://www.amazon.com/dp/B08B168P7Z?psc=1&ref=ppx_yo2ov_dt_b_product_details)

Check out this Meetup group:

<https://www.meetup.com/conejo-valley-woodworkers-association/>

Welcome to our new member, Mike Kirk. Please take a look at his website and introduce yourself to him at our next meeting.

<http://6439c82f8547b.site123.me>

**Member Projects:**

Dan Waingrove was at it again. Here is a beautiful box and a feather spoon.

Stacy started making some lamps from redwood and manzanita wood.

Challenge Coin Flag made from pine.

Redwood Bowl

Here is our ODD TOOL for this month: Thank you Jeff Bock.

### Stanley #1 Odd Jobs

In 1888, Stanley Tools introduced its “Convenient Tool,” the original Odd Jobs, later marketed as “Ten Tools In One.” For 47 years, carpenters relied on versatile metal gadgets such as tri-square, spirit level, miter square, scratch awl, rule, marking gauge, mortise gauge, depth gauge, and beam compass. It was discontinued in 1935, but some manufacturers, like [Garrett Wade](#) and [Woodpeckers](#), still sell modern versions.

*We wish to thank: Conejo Hardwoods for their support:*

# CONEJO HARDWOODS

31275 La Baya Drive Westlake Village CA 91362 (818) 889-0487

- Custom Woodworking
