

# *CONEGO VALLEY WOODWORKERS* BLADERUNNER-NEWSLETTER

November 2023 Issue #321

## President's Message

Progress, the Cherry Table top has been sanded on both sides and reunited with the floor after I sprayed the concrete floor with some water to see if I could improve the board's flatness. I am not satisfied yet and I did not have a chance to get back to this project. My plan it to once again spray the concrete floor and replace the table top back on the floor for another period of time, to see if I can improve the flatness.

At our next meeting, November 2<sup>nd</sup>, the program has changed from Arlen's Jig's, which has been rescheduled to the January Meeting to a presentation by this year's "Toy Makers". They will show and share their production of toys to be donated to our local Kids, making their dreams come true.

We will not have a General Meeting in December but will have our annual Holiday Dinner at Mike and Christine Gorn's home on December 2<sup>nd</sup>. Save the date and look for an email to sign up.

**Annual Auction.** We had our annual Auction and everyone had a great time! Several new treasures were taken home by several members. I can't believe the number of treasures we went through in the Auction, but we did! If you missed our Annual Auction, make sure you save the date for next year's event, we get great items and prices you won't believe! It is not too early to start setting aside tools and materials you don't use anymore to donate to next year's Auction. Many Thanks to Will Robbins and his Family for hosting this year's Auction.

Our Membership Chairman, Jeff Bock has been processing new members each month, so please introduce yourself and welcome our new members. Please check your information with Jeff and update it if necessary. The information helps us keep you informed of our activities.

See you at the next meeting.

Brad Ormsby
