## NEWSLETTER

December, 2025 # 347

### President's Message

*It's hard to believe it's December already! But since it is December, that means it's time for our annual holiday party. Please make sure you locate the email that was sent out and RSVP now, since the party is on December 6. This also means there will not be a meeting this month. The next meeting will be at Newbury Park High School on January 8th since the first Thursday is New Year's.*

*Speaking of meetings, our November meeting was the first to be held at Newbury Park High School's Woodshop and was a great success. It was inspiring to hear how there are many students who love learning about woodworking and some who have gone on to be successful in turning their passion into successful careers! I am sure many others will pursue it as a hobby, even if not until much later in life, like many of our members.*

*I want to remind everybody that we need volunteers to be on the board for 2026. If you are interested, please submit your name to one of the current board members this month (or send an email to [president@cvwa.org](mailto:president@cvwa.org)) so that during our January meeting, the names can be announced and elections can be held during our February meeting. The new board will take over as of the March meeting. We are looking for at least 3 new people to be on the board, so even if you are new to the club, PLEASE consider volunteering!*

*Scott Gamber*

*CVWA President*

---

Happy Holidays to all. This newsletter is quite small since we haven't had many things to add. As we move into 2026, we will be continuing with our meetings and activities.

**Sad News:**

Our friend and CVWA member Dan Waingrow (88 years) passed away on November 6, 2025, at his home in Newbury Park, California. He was surrounded by his loving wife, Dale, and family members. Services were held at Mt. Sinai. I spoke to Dale, and she requests no flowers to be sent. You may send your condolences via a card or letter to the below listed address.

Dan was instrumental in starting up our monthly breakfasts at Pickles Restaurant in Newbury Park and started the scroll saw cut-outs for the Camarillo Health Center for Dementia patients, which was handed over recently, to myself. Dan was one of our oldest club members and he will be missed.

From Bill Aurand

Cards can be sent to:
