EDUCATION

California Polytechnic State University-San Luis Obispo, San Luis Obispo, CA
Bachelor of Landscape Architecture, Expected in 6/2028

- **3.83 GPA | Dean's List**
- **Landscape Architecture Honors Society:** I am a member of Sigma Lambda Alpha, in which I work with an upper level landscape architecture student at Cal Poly on projects and other course work
- **Cal Poly SLOverwatch Club President:** I oversee the entire 200+ member club, coordinating events and leading the board. Additionally, I spearheaded the creation of the first all-female competitve eSports team at Cal Poly. We focus on coordination and have played in international and state tournaments.

SKILLS

- AutoCAD + LandFX
- ArcGIS Pro
- Rhinoceros 3D
- SketchUp
- Lumion Rendering
- Adobe Creative Suite

PROFESSIONAL EXPERIENCE

Architectural Intern, 06/2024 to 09/2024
PBK, San Diego, CA

- Joined the Business Development team, attended outreach events, and conducted research on potential clients.
- Shadowed architects during the design process, learning about materials selection, building regulations, and city codes.
- Worked on a master list of native plants for the landscape architecture department

Food Service Assistant Manager, 03/2021 to 08/2023
Sindi's Snack Shack, San Diego, CA

- Served as a cashier and barista, prepared various food items and assisted chefs in their cooking process.
- Contributed to menu development, created a fully redesigned modern menu that is still in use.

Volunteer Coordinator, 01/2017 to 5/2025
Tragic To Magic Animal Rescue, San Diego, CA

- Transport, handle, and care for the shelter animals before and after each outreach adoption event.
- Primary coordinator for events, which include managing other volunteers as well as the many animals we feed, care for, and process.

PROJECTS

Research Project with Cal Poly SLO Professor Ellen Burke, 12/2024 to 5/2025
California Polytechnic State University, San Luis Obispo, CA

- Worked closely with Professor Burke over the course of my 2nd year to compile observations for the CELA 2025 conference
- Analyzed data from 17 different landscape architecture graduates and applied research to the ASLA Climate Action Plan to understand gaps in educational standards

Residential Landscape Design Project, 6/2025 to 9/2025
Oceanside**,** San Diego, CA

- Conducted full site inventory and researched appropriate plants to fit site aesthetic and water needs
- Developed a plant palette and schedule in close connection to client expectations
- Produced final schematic designs using AutoCAD for the landscape and hardscape of the 8,300 sqft residential property
